

If millage fails in September

Schools to close this fall for 3 months

DR. WILLIAM BEDELL

Romulus voters will have at least one more chance to approve an 8.5 mill renewal package they have turned down twice already this year. The Board of Education will place the tax request on the ballot in September, either on Sept. 13 or 14.)

That's the word from Supt. of Schools William Bedell, who warned this week that if the voters fail to approve the tax, schools will close in late September and will remain closed until the first of the year.

Voters rejected the renewal on June 14, leaving the district with an approximate \$2½ million deficit. The latest defeat was by a 174 margin, with some of the rejection's blame falling on the absentee ballots. (254 against and 87 for in an over-all vote of 1,367 to 1,193.)

"If the voters don't pass the package in September," said Supt. Bedell, "then we will wait until we get through 'D' day, the fourth Friday in September, in order to determine the official count in the school district."

The official school student tabulation is necessary in order to determine the amount of state aid for the school district.

Supt. Bedell warned that "if the millage isn't renewed, we have no alternative but to close the schools for at least three months to make up the deficit."

Bedell said that the defeat of the recent millage sliced \$2.6 million from the budget, "but it compounds because when you lose 8.5 mills you also lose some state aid. I figure it's closer to \$3 million that this school

district lost."

He added that many of the programs will have to be cut, but the Romulus Booster Club has agreed to come up with the funding for the football and girls' basketball teams this fall. "However, if we close schools, that, too, will go down the drain."

Bedell also said that he wasn't buying the argument that "people out of work led to the millage defeat."

"Everyone is saying that people who are out of work made the differ-

ence in the millage failure. I'm not sure that is true. How many people who voted were really out of work? I feel that we didn't present the issue clearly enough to the residents."

He pointed out that Romulus levies 39.50 mills (one mill is \$1 for each \$1,000 of assessed property value) for schools. Neighboring Taylor levies 44.65, while the Wayne-Westland schools levy 47.6 and Woodhaven charges 40.8. Only Van Buren has a lower levy (36.96 mills) according to Bedell. (See SCHOOLS, Page A-3)

City, Twp. offices closed for holiday

Romulus and Huron Township employees will enjoy an extended 4th of July holiday as city and township offices will be closed on Monday, July 5.

Persons having business with either the city or township have until 5 p.m. Friday to transact it or wait until 9 a.m. Tuesday, July 6 to do so.

For further information, please telephone the Romulus City Hall (941-0666) or the Huron Township offices (753-4466).

Bands needed for 4th of July parade

Dennis Davidson, Romulus Parks and Recreation Director, said today that he will still accept groups or bands for the July 3 "Independence Day" parade.

"We have a lot of groups, but in this case the more the merrier," Davidson. "We're looking for bands and organizations who have taken part in parades."

Davidson may be reached at his offices at 941-0666.

Sox Hop set for young gridders

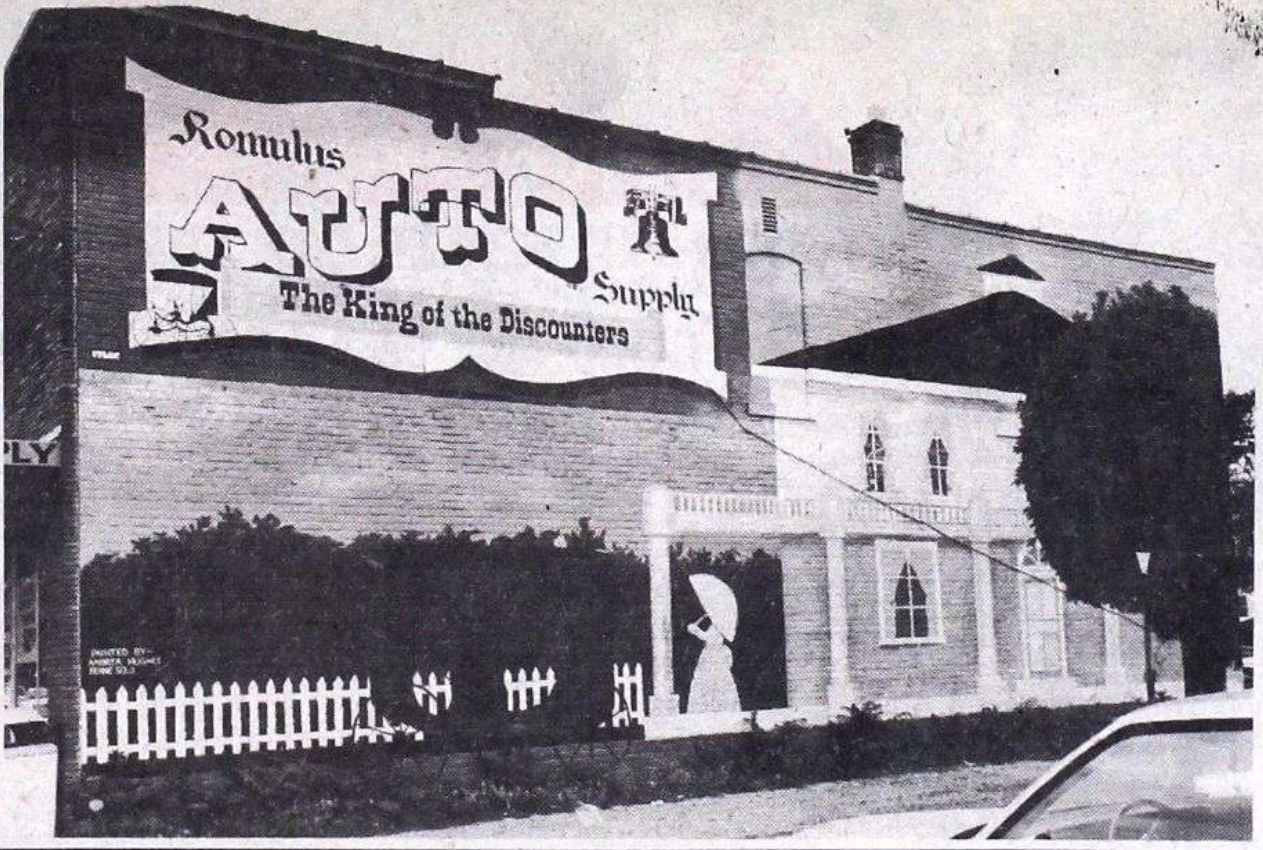

To help defray the costs of fielding three Little League football teams this fall, the Romulus Athletic Club will host a "Sox Hop" at 8 p.m. until 1 a.m., on Friday, July 23 at the Veterans of Foreign Wars Hall, 39270 Huron River Drive.

There is a \$5 per person admission charge and music will be provided by "Music Unlimited". Please telephone 941-4438 or 941-2874 for ticket information.

Painting up the town

That attractive mural which is on display on one of the side walls at Romulus Auto Supply is indeed a work of art. And Romulus residents can thank three young artists — Bernie Solo (from left), Andrea Hughes and Randy Hogue for the mural. The artists were feted and presented plaques last week for their contribution to making Romulus beautiful. They were guests of honor at the Romulus Central Business Association's dinner at the Hilton Inn. Pictured with the artists is Louis Blitz, owner of the auto supply store.

Strike up the band

Romulus holds holiday parade

Romulus will bustle with activity and excitement this weekend as the city prepares to stage its annual Independence Day parade.

With floats and bands and fireworks, the holiday weekend promises to be fun-filled, according to Dennis Davidson, director of parks and recreation.

"I know the people of this city and our visitors will enjoy the program we have planned," Davidson said. "The parade is one of the highlights. There are such features as an Indian Dance show, softball games, country picnic and fireworks."

"We're just hoping for one thing, and that's good weather," Davidson added.

The parade will kick off the holiday weekend. It will be held at 11

a.m. on Sat., July 3 and will start from the Romulus City Hall, travel down Goddard Road through the town and wind up at Kennedy Park.

At 1 p.m., there is a Country Fair Picnic planned at Elmer Johnson Park, located on Ozga and Tyler roads. Also, at 1:30 p.m., residents can look forward to an Indian Dance Show which will be staged on the basketball court.

Scheduled for 2 p.m. is a water ball fight between rival teams of the Romulus Fire Department and at 3 p.m. horseshoe lovers may compete in a tournament organized by the Romulus Jaycees.

Softball fans may see plenty of action when teams from the area, including the Puffer Red, the 1982 Women's "A" League Champs,

clash with the men's Open League "B" playoff Champions, Bilmar/Suburban Oil at 4 p.m.

There will be children's games and concession areas sponsored by the local Rotary Club, the Chamber of Commerce, Kiwanis, Kwik Helpers, R.A.C. & Polka Dot Party

Store.

At 8 p.m., there will be a 50/50 drawing sponsored by the Romulus Central Business District Association.

Then, when dusk falls, folks can look forward to a display of fireworks which will light up the skies.

County slow-up

City tax bills will be delayed

Tax bills will be late going out this year and Romulus taxpayers may get a two week reprieve through an extension of the due date, announced Beverly McAnally, City Treasurer.

"I will ask the city council to extend the deadline for paying taxes without penalty to compensate for the delay," McAnally said.

"Customarily, we expect to have our bills by the second week of June at the latest," she explained, "which gives all departments time to perform whatever functions necessary to get them into the hands of the taxpayers by July 1."

"This year, it is almost July and the county still hasn't begun to prepare our bills, although we have been calling them daily for weeks complaining and trying to expedite the process, to no avail."

"We understand that the county is experiencing a slowdown as a result of tardy adoption of the levy coupled with a shortage of help, but we pay the County Bureau of Taxation for the service with the understanding that we will receive the bills in time to meet our deadlines," McAnally added.

A further delay will be caused by the Fourth of July holiday which will close City offices on July 6.

If tax bills are received this week, McAnally said, they could be processed and mailed by July 13, provided other departments who have functions to perform can accomplish their work in that time frame.

"The Treasurer's Office is prepared to work as long as necessary to process them once we receive them," she stated, "but the Assessor's office and the mail room both have roles to play in releasing tax statements and I can't speak to their plans."

"Tight money throughout all levels of government is causing serious cut-backs in lower level personnel who are the nuts and bolts of the system," said McAnally, "communities pay Wayne County to provide services such as the printing of tax bills and depend upon timely delivery of those services in order to meet their commitments to the public, so it is irritating to read about high level county executives who draw big salaries for admittedly obsolete, non-productive jobs while lower paid clerical workers are laid off or not hired to perform crucial activities."

Huron Twp. squelches landfill fear

An angry group of Huron Township residents demanded from the Huron Township Board that trustees take necessary measures to stop a proposed landfill from becoming a reality.

The group received some assurances from the board which informed the citizens that they are ready to take legal action to stop the proposed site. However, a state law has the township handcuffed.

The proposed landfill is planned for a stretch of land west of the I-275 Expressway, between Sibley and Pennsylvania Roads. Many of the residents erroneously believed that the township board supported the planned landfill.

Township Supervisor Richard F. Sullivan squelched that belief and informed residents that the township is ready to go to court to stop the landfill.

"We feel we do have recourse, but it's a legal thing," Sullivan said, "and we don't want to disclose our course of action to the enemy, so to speak."

"I really do think we have a strong case (in stopping the proposed site)," Sullivan concluded.

However, Public Act 141, takes the licensing of such projects out of the hands of local government and gives that power to the state. If the landfill owners receive state permission, local elected officials have little recourse but to go to court and hope the judicial system will resolve the problem in their favor.

The township board went on to adopt a motion offered by trustee Gary Bates and supported by Mary Lou Calrey. That motion read, in part:

"Whereas, the northwest corner of I-275 and Sibley Road is being proposed as a sanitary landfill and that Public Acts 641 of 1978 specifically (See LANDFILL, Page A-3)

Dearborn Heights man dies in blaze

Officials continue hospital fire probe

The investigation is continuing this week into the cause of a late afternoon fire in a room on the fourth floor, south wing, of Annapolis Hospital in Wayne, which claimed the life of a 61-year-old Dearborn Heights man.

The Wayne County Medical Examiner has delayed a determination on the cause of death of Casimer Gacloch, pending the outcome of toxicology and further laboratory tests.

The Wayne Fire Department also is investigating the blaze to determine its cause, although preliminary indications are that the bedding of Gacloch's bed was ignited by an open flame, possibly a match or lighter, while he attempted to light a cigarette. He was alone in the room at the time.

The alarm came in at about 5 p.m. Friday, causing fire doors on the 12-bed wing to close automatically, according to Community Relations

Director Maureen S. Camps. Members of the nursing staff, assisted by some patients, evacuated the 24 patients in that wing and in two other wings on the fourth floor, to other areas of the hospital.

The fire was contained to Gacloch's room and caused an estimated \$40,000 to \$50,000 in damages. Warfield said a majority of the damage was to the contents of the room and smoke damage in that hospital wing.

Camps said some patients were discharged, where medically feasible, so that patients from the wing could be relocated and by 9 p.m. that evening patients had been returned to their rooms in the other two wings of the floor.

The damaged wing remains closed for repairs, however, the hospital hopes to have it back in service in about a week's time.

Camps added that several employees and patients were treated

at the hospital for smoke inhalation due to the blaze.

In all 23 fire fighters responded to the alarm, including five fire fighters from Westland, who responded through the communities' mutual aid pact. Three fire engines, one ladder truck and three rescues were rushed to the scene, and fire fighters had the blaze under control within 40 minutes of the alarm sounding.

To accommodate hospital visitors forced to evacuate the hospital, visiting hours were extended to 10:30 p.m. Friday, Camps said. She also lauded employees and patients for remaining calm during the emergency, as well as the show of cooperation and understanding on the part of patients, who assisted in the evacuation.

Driver charged in Romulus man's death

An Inkster man was charged with manslaughter last week in the June 11 traffic death of his passenger

during a chase by Dearborn Heights police that ended in Dearborn.

The accused man is

David Sabin, 19, who was expected to remain hospitalized for several weeks with injuries in Oakwood

Hospital.

Killed when Sabin's car went out of control and hit a tree was Donald Hubert, 22, of

Romulus.

Police said the speeding auto went off Rotunda Drive west of Southfield and slid sideways, the passenger door hitting the tree.

Sabin was going more than 85 miles an hour at 7:40 a.m. when he encountered the heavy traffic of work-bound Ford Davison plant workers, and

Freeway Surveillance
Is SCANDI worth it?

By ADELE S. NEWSON

The Detroit Freeway's Surveillance Control and Information System (SCANDI) has received a great deal of criticism since its inception in 1977.

The federally funded project is designed to improve safety, driver comfort and capacity on Michigan's freeways. To accomplish this SCANDI's plan includes traffic sensors to provide information on the quality of traffic, strategically located closed circuit televisions to provide a picture to authorities of what's happening, changeable message signs, motorist state telephones and ramp metering which would increase the amount of traffic the freeways can handle.

"It's like anything else... subject to criticism. But I don't think that it's as bad as some make it out to be," explained Lt. Robert Powers, commanding officer of the Administrative office

for the State Police.

In 1977 when construction of the project began its cost was tagged at \$3 million. Today the total project's cost is estimated at some \$32 million. Eighty percent of the cost will be paid by the federal government; and a smaller percentage (approx. 2.5 percent) will be paid by the city of Detroit.

Herb Crane, project director of SCANDI, explains it this way. "If you went back in time and wanted to buy a model A and today you want a Pontiac, you'd say 'Oh my goodness there has been a price change.'"

Among other things, the price change has been affected by design changes. The Changeable Message Signs (CMS) seen on parts of the Lodge, Jefferies, Fisher and Chrysler freeways is one such item not included in SCANDI original plan.

They are used for advising motorists of construction areas and to advise motorists of temporary traffic blockage.

"Sometimes we use them two and three times in one day and then maybe we won't use them for a week," said Lt. Powers.

Criticism arose because the signs are often blank. "There's a reason for this," began Powers, "there have been psychological studies done which indicate that a constant message would be ignored by motorists; they'll look at it once and never look at it again..." Recently the committee responsible for the CMS has displayed the time on some of these signs as an experiment.

The 70 motorist state telephone installed over 1/3 mile along

I-94 was not included in the original design of SCANDI. It provides a valuable service to motorists, by allowing those in need of help to report directly to an emergency communications system at the state police headquarters.

"In the past people either had to walk up top side and take the chance of getting mugged, or robbed or raped or whatever; or they had to sit in their cars and wait for a patrol car to come along..." explained Powers.

"But, now they can walk a minimal distance... and they're (See SCANDI, A-5)

Simmons says he'll sue community college

RICHARD SIMMONS

The Wayne County Community College Board of Trustees may have won the battle, but ousted college president, Richard Simmons is preparing to go to the courts to win the war.

The board voted 4-3 during an unusual Sunday session to terminate Simmons' contract and put him on a leave of absence. The board approved a motion offered by trustee John K. Grylls, of Grosse Pointe, not to extend Mr. Simmons' term of employment.

After receiving support from trustee Doris J. Miller, the resolution was approved when trustee and board president George Bell and

Michael E. Murray joined the coalition.

Casting "nay" votes and giving the president a "vote of confidence" were trustees James R. McCartney of Westland, Juanita C. Ford of Hamtramck, and Dr. Elmore M. Kennedy of Detroit.

WCCC serves approximately 22,000 students and has recently opened the doors to a multimillion dollar Western Region branch of the community college in Van Buren. The college services many local and area students.

McCartney, who unsuccessfully spearheaded the drive to retain Simmons, viewed the action by the

majority of the board as a "power play."

"One of my major concerns is the injustice which appears to have been done here," McCartney said. "There were no specific charges or reasons for discharging Mr. Simmons. In my mind it appears to me that this is some sort of power play by those who voted to oust President Simmons."

There have been strong indications that Bell covets the title and job held by Simmons who was hired in December of 1980 amidst controversy and legal entanglements in the wake of the former president of the college, Reginald Wilson. Wil-

son also was fired, but received a going away party and settlement from the college after suing the board.

After Sunday's emotion-packed dialogue, Simmons warned the board that he would sue.

"Let me assure you that because I do have a contract with this institution, we will sue," Simmons said.

Simmons will be officially on a leave of absence with pay until September 1 when he is expected to be dropped from the college.

McCartney was quick to point out his reasons for supporting the outgoing president.

many of the other institutions are going bankrupt," McCartney said.

McCartney offered the board a way out by presenting a substitute motion. That motion which would have the board set goals and objectives to measure President Simmons' performance, was supported by Ford and after heavy debate failed 4-3.

"Although this is an administrative shift of the highest level," McCartney concluded, "I am confident that the quality of education offered at our Western Region will continue to be second to none."

In the meantime, the WCCC college has its fourth president in nearly three years. The Board, by a vote of 4-3, named Dr. Thomas Waters, an associate vice-president in charge of instructions, the college's interim president.

Fall closing for schools?

(Continued from Page 1-A)

"The point of all this is that when you look at the comparisons — where we are and where everyone else is — I'm beginning to think we didn't properly present this picture to our people."

"I understand that the economy is tough, but I also think that there are a couple of mills we're not levying. I think it's time we played

some hardball with our people. Make sure they understand the comparisons."

What about the absentee vote?

"A substantial number of those folks live in the Senior Citizens Tower," Bedell said, "and they are not paying their school taxes anyway, and if they are truly low-income people they are getting back a portion of their taxes through the cir-

cuit breaker — the Homestead Property Tax — so again I feel these people misunderstood what is happening here."

And the residents of the Beverly-Mt. Pleasant schools? The board earlier this year voted to close the two elementary schools and divide the pupils among neighboring schools. That area also rejected the latest millage.

"We had to make that decision (to close schools) based on what was in the best interests of the entire district," Bedell said. "It was a sound business decision. It's like Ford, General Motors and Chrysler operating in obsolete plants that don't need to operate."

"That runs the overhead up and causes you to get your ears beat off in the competitive market, so we had to close those schools and if they are never going to forgive, I don't know what to say to those people."

"But let me say this — that compared to other expenses, the money they spend on schools is a good investment. We must make them understand fully what a closed, bankrupt school district means to all of us in terms of property value and in the lives of our children."

Youth Fitness Tryouts set

Huron Applefest committee to hold first meeting tonight

It's summer and Huron Township officials are thinking "Apple Festival!"

The popular Huron Township festival has been scheduled this year for October 9-10 and the planning committees are at the drawing board seeking new and better ideas for what is its third annual affair.

Named to chair the committee this year is Peter J. Glaab, who has been active in staging the two previous festivals. He has set a meeting of the committee for 7 p.m., Wed., June 30, at the New Boston Branch of Security Bank & Trust.

Those interested in serving on any of the committees are urged to attend or contact Glaab at 753-4281.

Tryouts for the Huron Township Area Youth Fitness Program also will be held on Wed., June 30 and Sat., July 10 at 9:30 a.m. on the Huron High School Athletic Field.

This will be the second consecutive year that Huron Township has entered a team in the Detroit Metropolitan Area Youth Fitness Program. More than 84 other neighboring and area cities and communities compete in the program.

The meet will be held on July 29 in Kensington Park. Transportation for the athletes will be provided by the township.

There are three age brackets for boys and girls to compete in. They are: Class A - 13 & 14 year olds; Class B - 11 & 12 year olds; and Class C - 9 and 10 year olds. Contestants

must reside within the area or city they represent and they are limited to enter only one event.

There are stipulations about eligibility. Letterwinners in track in the current year or those who have been members of the varsity or reserve track team during the most current season of the public, private or parochial schools are not eligible to compete. AAU members who are registered in track also are not eligible.

The events include: mass calis-

thenics, shuttle relay (two boys and two girls), chinning, softball throw (distance and accuracy), running triple jump (hop, step and jump), standing long jump, running long jump and dash - Class A (75 yards); Class B - (60 yards), and Class C (50 yards).

Uniforms will be furnished to the successful contestants who make the Huron Township Fitness Program Team. Persons with questions should telephone Chris Gamber at 753-4466.

Huron residents protest plan to build at I-275 site

(Continued from Page 1-A)

cally states that local ordinances shall not be enforceable only after the county completes its solid waste management plan, and that study has not been completed to date.

"And, whereas the Township Board has full faith in this ordinance and the Board of Appeals and Planning Commission defined in this ordinance to judge the impact on the health, safety and welfare of such a sanitary landfill on the Huron Township and its residents, therefore be it resolved that this township will pursue all avenues to ensure that a proper application on the proposed landfill be submitted to the Board of Appeals, referral to the Planning Commission and any

referrals judged appropriate by the Board of Appeals."

Bates' motion concluded with the statement that the township clerk shall notify by registered mail Browning-Ferris Industries, Wayne County Health Department, Wayne County Commissioners, and other governmental agencies involved in the sanitary landfill as to the firm commitment the township board has toward this community, and its people and ordinances.

Bates' motion was approved unanimously.

Krug awarded scholarship

Among the 54 students who have been selected to receive scholarships at Eastern Michigan University for the upcoming academic year is a Belleville resident.

Kevin R. Krug, a graduate of Belleville High School, is a recipient of the EMU's 1982-83 Recognition of Excellence Awards.

Van Buren hosts senior conference

Senior citizens and those concerned about the future of programs for older citizens will have a chance to hear first-hand about the impact of federal, state and local budget cuts on Social Security and other programs effecting older Americans.

An area-wide conference ab-

out the future of the aging segment of society will be held at 1 p.m. on Thursday, July 1, at Van Buren Township Hall, 46425 Tyler Road.

Those who attend will hear about what can be expected in the areas of housing, Social Security, Nutrition programs, Home-maker Services, Health Care and other social programs.

Among those who will be represented are United States Senators Carl Levin and Don Riegle; Congressman Bill Ford; Michigan State Housing Development Authority (MISHDA); Area Agency on Aging; Area Agency Association and other service providers.

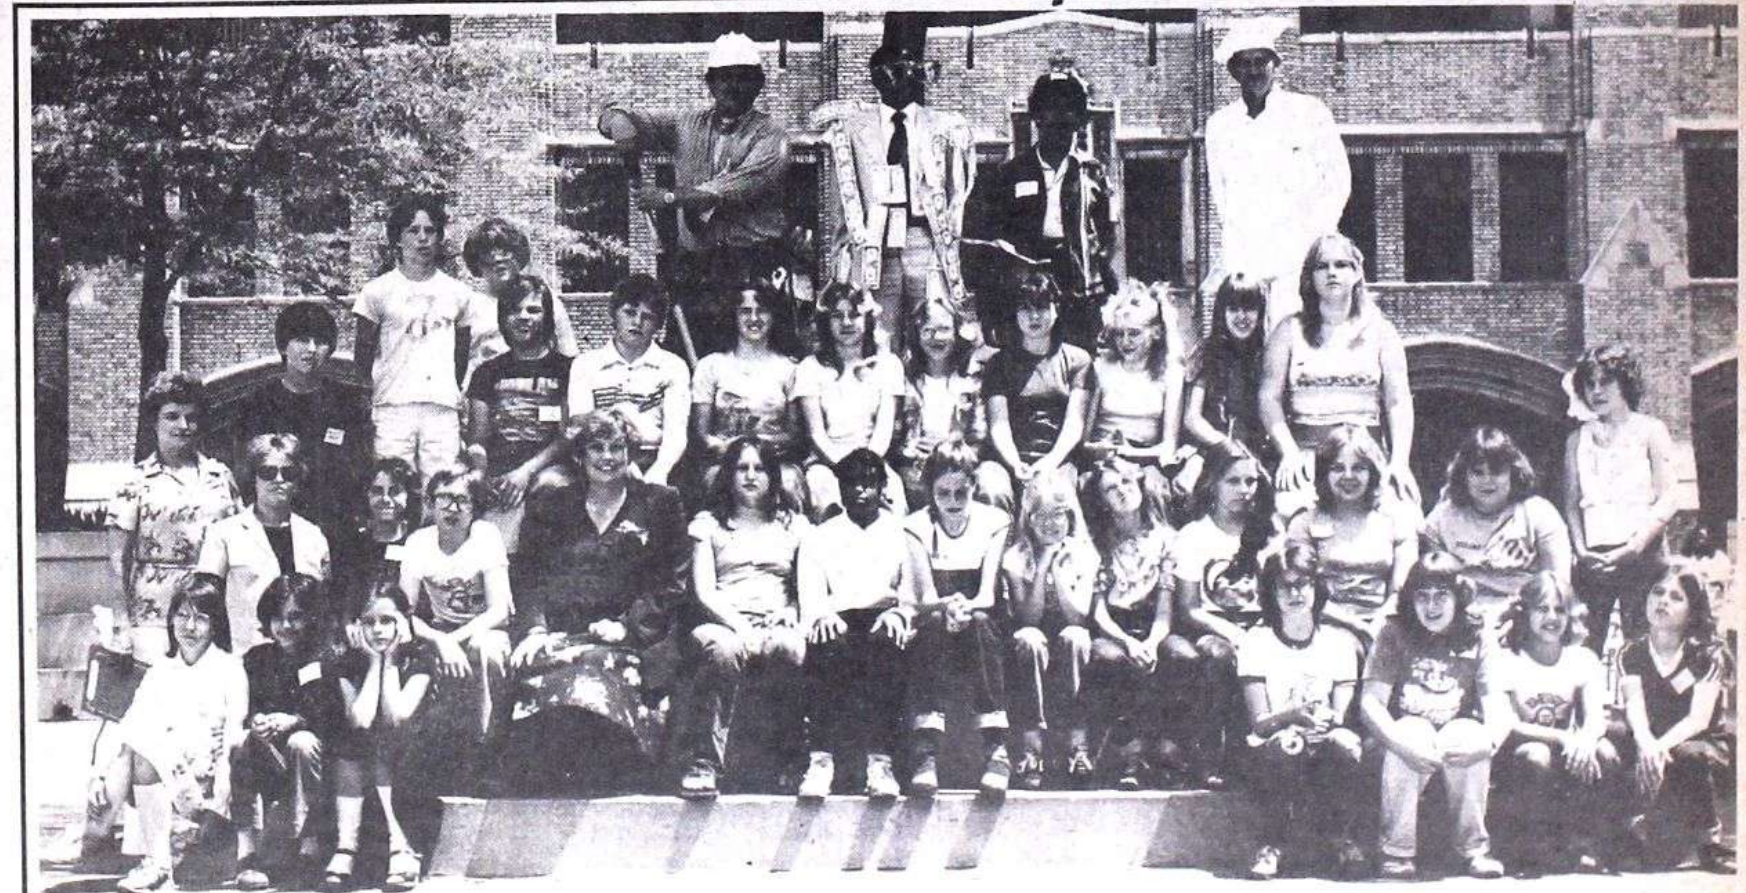

Time will be allowed for questions and answers. Material will be provided for participants for future action in behalf of older American programs.

The conference will be sponsored by the Western Wayne County Democratic Association in cooperation with other agencies.

Store closed

A labor dispute affecting 19 Firestone Stores in the metropolitan Detroit area has resulted in the closing of two sites, including the facility located at 32640 Michigan Avenue in Wayne.

According to a spokesman for the Firestone Tire and Rubber Co., the store in Wayne and another in Detroit have been shut down "for security reasons and due to their unprofitability." The closings came in the aftermath of a walkout by mechanics and servicemen represented by Teamsters Local 283 on June 11.

It's 'careertime'

These Hale Creek Elementary School students from Romulus took part in Detroit Edison's "Careertime" program recently. Nearly four thousand kindergarten through ninth grade students throughout the Detroit Edison service area took part in the program at the utility's corporate headquarters. "Careertime" was designed by Detroit Edison to aid schools in preparing students for making career decisions by choice, not by chance.

Campaign 82

Sullivan seeks state rep. job in 21st district

Richard F. Sullivan, Huron Township Supervisor, is seeking to become the State Representative of the newly-created 21st District.

"Having served in public office for over seven years," Sullivan said in announcing his candidacy, "I have gained significant insight into the needs, the hopes, and the goals of the people of this district."

"Experience covering a broad spectrum, in the administrative and financial areas both in the private and public sectors, will afford

the people of this district a capable, responsible and dedicated representative.

"My experience and background qualifying me for the office includes a wide range of endeavors," Sullivan added.

Sullivan has served as an elected member of the Huron Township Board of Trustees, treasurer and supervisor since 1974. He has been a resident of the district for 33 years and is a retired Ford Motor Company employee.

Sullivan's business and administrative background includes: controller-finance director for the City of Romulus; controller and office manager of T.I.U. Inc.; controller's Office, Ford Motor Company (23 years) with particular emphasis on accounting systems and methods, internal control and analysis.

He was also an accountant, Midland Steel Products, Power Brake Division and had been employed by General Motors Corporation. Sullivan is a member of the National

Association of Accountants.

The 21st state representative's district will include the townships of Huron and Sumpter and also the townships of Ash, Berlin, Dundee, Exeter, Frenchtown, London, Milan, Raisinville and Summerfield, including the cities of Milan and Petersburg in Monroe County.

"As a 'Bona Fide Senior Citizen' concerned with the state of the economy," Sullivan notes, "I am alarmed at the programs, the efforts to ignore the flight of the un-

employed, the needs of the poor and the aged as well as the infirm.

"We must address our efforts to their problems. We must rededicate ourselves to the concerns, the desperation of this segment of our constituency. There must be restructuring of our tax system, to provide tax relief yet assure the availability of adequate funding for equality of opportunity in training and education of our young - the most valuable resource we have," Sullivan concluded.

Ford opens campaign headquarters

Congressman William D. Ford (D-Taylor) today announced the opening of his 1982 re-election campaign headquarters for the 15th Congressional District at 31 South Huron Street in Ypsilanti.

"I am more concerned than ever about the plight of Michigan and its ability to retain the jobs it has, create new jobs and provide programs to retrain unemployed workers," Congressman Ford said upon commencing his campaign. "These issues are priorities for me in the Congress, and I would like to continue to serve my constituents to see them realized."

"Michigan can ill afford the regressive policies of the current Administration which have helped bring depression-like conditions to our state, and have cost our citizens more job losses, and brought bankruptcy to scores of small businesses. If I am privileged to be re-elected I will continue to concentrate my efforts on halting this trend and putting our state back into prosperity," he continued.

First elected to the Congress in 1964, Congressman Ford has won re-election with substantial margins in each succeeding election. In his ninth term, he has risen in

seniority to become the chairman of the House Committee on Post Office and Civil Service and the second ranking majority member of the House Committee on Education and Labor.

"The new headquarters will serve the entire 15th District," Congressman Ford said, "including Belleville, Canton Township, Dearborn Heights, Garden City, Huron Township, Livonia, Romulus, Southgate, Sumpter Township, Taylor, Van Buren Township, Wayne and Westland in Wayne County; and Augusta Township, Milan, Saline, Superior Township,

York Township, Ypsilanti and Ypsilanti Township in Washtenaw County."

The campaign headquarters is open from 9 a.m. to 5 p.m. Monday through Friday. Its phone number is 482-6636.

American Social Health Association is the United Way agency which is coordinating the fight against venereal disease (VD) in conjunction with other health, school, church and civic groups.

never more than a sixth of a mile from a phone, which isn't very far," he concluded.

The SCANDI system has been working in part for 16 months. The extra costs of the system may directly be attributed to design changes but, "it gives us a more powerful system... We figure that our benefit to cost figure is 8:1 right now," added Crane.

Crane maintains that it is difficult to give a completion date at this time. SCANDI has two phases, one to be completed throughout the city and other is planned for throughout the suburban Detroit area. "The suburban area is also in need of SCANDI," Crane concluded.

our opinions

Since that first July Fourth...

If it were at all possible for us to bring back to life those learned men whose attentiveness to words, and disgust and contempt for European monarchs brought them together in a humid hall in Philadelphia to put together a document that began, "We, the People..." and seditiously wrote about people's "inalienable rights", we wonder what those brilliant minds would have to say about the nation they helped to create.

Their eloquent voices may quiver, however, that instead of "millions," it has become, "trillions for defense, and not one cent for tribute..."

The knowing of that patriotic bunch might be startled to learn that the monarchy they helped defeat on the plains of Concord is still live and doing well — that a new babe, William of Wales has assured England of an heir-apparent to the throne.

The hawks of that group may sharply criticize the military for not ridding the earth of totalitarianism, but the bankers may envy their 20th Century counterparts, who enjoy interest rates that are compatible to colonial times.

The religious ones of that group may be astonished to learn that the courts have literally interpreted what they wrote and that children are not allowed to pray in public schools.

It's been a long, long time since the Constitution made news — since that first 4th of July — but, ironically, nothing ever seems to change.

People continue to fight for "civil rights"; fight tyranny; and for the blessings of freedom and liberty for themselves and

The bands will play on, and the politicians will make the most of the picnic gatherings and most of us will remain dwarfed in the crowds.

And each playing their role in a 4th of July fantasy which happens to be part of our lives.

Sludge: Another alternative?

H. F. Campbell, the prominent engineer-builder from Belleville, appeared before the Romulus Planning Commission last week with a tempting offer. Since the city and DetRo Recovery were deadlocked over the issue of building a sludge-to-fertilizer plant, Campbell offered to cut the Gordian knot by suggesting an alternative site to construct the controversial plant.

The articulate Campbell pointed out that the DetRo project did have merit; that the plant would bring in necessary tax monies to help solve the city and schools' financial problems and that he would construct the sludge warehouses in a way to minimize any odor.

The offer was tempting. Campbell was convincing. In fact, he set himself up as the inspirational figure that "would bring the divided city together."

Campbell should be commended for his offer.

However, there is a saying about a rose by any other name...

Sludge stinks. But that's not the singular problem with the DetRo project. There are too many loose ends and if they are tied together it may result in the strangulation of what is a vibrant and viable city.

The courts are deciding the legality of the DetRo application. And the Romulus Planning Commission had no alternative but to reject, at present, Campbell's generous offer to resolve the problem.

Dog gone it

guest editorial

The great cheese giveaway

There are several subjects or topics I could lamentate, remonstrate, complain or discuss that tick me off. But time and space would not permit. With that in mind, I have chosen to express my views on 2 subjects—namely, the federal cheese give-away program and the recent controversial tax break Congress voted itself.

In the newspaper accounts of the passage of the tax break, the one word that prompted me to vent my feelings on this subject was "unsubstantiated." Our lofty law-makers in Washington passed a tax break of \$75 a day in unsubstantiated living expenses for themselves.

How dare they? We, everyday, ordinary citizens must be prepared if need be to verify, prove and substantiate each and every deduction on our tax returns.

For example, to get a 5 lb. box of cheese valued at less than ten dollars, they must meet several guidelines.

They must present all identification they possess, bare their souls and in some cases some of their dignity, before they can walk out with that prize box of cheese.

All senior citizens are not considered eligible for this precious block of gold under the eligibility rules. Many have been denied. But our well-heeled law makers can reap a \$75 a day deduction without substantiating anything.

Always able to rationalize their self-serving actions, this time the excuse used was the expense of maintaining two residences. Fairness and justification are missing in the passage of this bill.

The assistant director of the IRS Legislation and Regulation Division has promised to review this latest self-benefitting caper by our lawmakers.

Isn't it strange, anytime rules, restrictions or guidelines are being considered for the "little" man, in and everything goes. Even rules that border on the ridiculous. For instance, recently someone suggested considering food stamps as part of a family's income.

Another interesting aspect of the passage of the tax break was the fact it was attached to the end of the Black Lung bill, and it was passed by a voice vote, there is no individual record of voting available.

How can we instill honesty, fair play, character and ethics in our youth, the citizens of tomorrow, when they read and are aware of such sneakiness, and just plain unfairness on the part of the highest level of government in our country?

Seventy-five dollars a day, adds up to a lot of money, \$20,000 in fact. Much more than a lot of

people make in an entire year. Yet someone in the higher echelon wrote guidelines that would deny a box of cheese to a senior citizen, if during their working years, they managed to purchase a home.

Why not give all senior citizens and other too, a box of cheese. It's not as though they are going to establish a financial empire or dynasty. If they do sell it, as there have been reports of, they will never get rich doing so.

It was a dumb act in the first place to have such a tremendous supply of it and other foods, stored in warehouses — while literally thousands of people in these United States of America are hungry.

This is a case of "wrong" being "right." It is "right" because the "haves" wrote and passed the law.

The day will never come when they will write and pass a law helping the "havenots" to the tune of even half of seventy-five dollars a day.

Kudos to the citizens who took pen in hand to write and protest the passage of this bill to the IRS. The last report I read listed 37,000 letters being delivered to the IRS. If the pressure is unrelenting, perhaps the IRS will pursue, investigate and repeal this blatant "slap in the face to the poor" law.

Since I took pen in hand and wrote the foregoing, I have heard one short news note regarding the tax break. It reported the senate had repealed the tax break. I have not seen it in print or over television. If they have repealed it, I say "HOORAY" a thousand times. I hope it is true.

In regards to future cheese and butter distributions, let's hope some guidelines may be lifted for our senior citizens.

If the government can afford to let the Pentagon spend about \$3.3 million a year to provide low cost veterinary care for pets owned by members of the armed forces, surely the senior citizens of America can get a pound of butter or a box of cheese.

After all, haven't we all paid high prices for both cheese and butter, enabling the stock pile to grow and grow and grow.

The senior citizens have suffered enough cut-backs, give them a break, give them all a bit of the precious gold. They do not pose a financial threat, and there is no danger of them creating some sort of dynasty by acquiring a box of cheese or a pound of butter.

They have paid their dues, in more ways than one.

Happy Birthday

Tom Mooradian
Managing Editor

There was a birthday of sorts celebrated in this area recently by more than 400 citizens. We feel that the notable event warrants our belated congratulations, even though we missed the celebration.

Moreover, the birthday is the product of the divisiveness between the Wayne County Commissioners and their nemesis, Sheriff William Lucas.

The brilliantly stubborn Lucas was asked to disband his Road Patrol, a patrol that provided law and order to Romulus, Van Buren and other surrounding communities. As history will recall, Lucas gave in not because he wanted to, but because the dollars were just not there to pay the bills.

So Romulus decided to organize a police department of its own. Its first. And it found a veteran state trooper, Donald Flood, to serve as police chief.

Flood and three other retirees from various law enforcement agencies have put together a staff of 35, which includes 27 police officers who handle traffic, investigation and every other thing an officer does.

"We're very proud of our accomplishments," Flood noted during an "Open House" which commemorated the historic first year. "The officers like it out here, and it's our understanding that the citizens like having their own police department."

One of the obvious reasons why residents apparently have taken to the new department is that it is close by. "Response time is quicker," Flood says, "and now if a resident needs a traffic report he doesn't have to drive over to the Sheriff's Department to get it."

There is criticism, however, that the officers don't reside in the city and many live in Detroit or surrounding communities.

"The message I'm trying to get out," said Chief Flood, "is that the residency rule is a silly one. Most people and politicians realize it. You don't have to live here to be able to do a good job and still be involved in the community."

"And that is the way our officers feel," Flood continued. "They like it out here. They do a good job, and just because they don't live here in town really doesn't have any bearing on their job performance."

Housed in a school building, Flood said that if anyone were to give his department "a birthday present" he would like to see his people someday get a modern facility "so that we can provide all the necessary police services this city needs."

That's not a modest birthday gift. However, maybe Max Fisher will read this and take out his checkbook. But don't count on it.

New federalism spawns new philanthropy

By BERNARD F. HILLENBRAND

— Charity begins at home. So, 33 Washington County, Ore., property owners are paying for a \$2.6 million improvement to two major roads that will permit new development.

— Charity begins at home. So, Phoenix bank personnel are teaching a high school finance course. After graduation they hire some students as tellers.

— Charity begins at home. So, when General Foods Corporation recently built a water retention system to control flooding of its Westchester County, N.Y. headquarters, they built it to prevent flooding downstream too. During Blind Brook's annual spring rampage through Rye, N.Y., residents used to evacuate by rowboat.

Here are three instances where private enterprise is assuming responsibility for services formerly provided by government.

Now that Washington is turning

many functions back to states and localities, such philanthropy is even more important.

And businesses are becoming very selective about projects they fund. Those that win private support tend to illustrate the slogan, "Charity begins at home."

They are programs with results. Creative results that either improve business or stretch tax dollars. They bear marked differences from philanthropies of old. Businessmen used to fund social services directly, say, by setting up an orphanage. These days companies want to promote self help. They give time, material and money to agencies that strive to keep families together. They encourage natural support networks like Alcoholics Anonymous, and neighborhood improvement organizations.

Each company has its own style of giving. Some ventures require out-and-out donation of property,

equipment or service, as the General Foods project did. Some offer technical assistance from their professional staff. Others encourage employees to foster cooperation between the public and private sector. Such leadership generally results in improved communications between business and government.

Certain kinds of businesses set up contractual agreements with local government agencies for provision of service to citizens. The firms may make money in the process — but they often give the public far more than required.

Donation

Donation of money or materials is the traditional form of corporate giving. Gifts may be direct or indirect. Direct collaboration is illustrated by Palo Alto's Syntex company, who offers its conference center to community groups.

When Control Data Corporation sets up nonprofit day care centers to meet the needs of its working

mothers in Minneapolis, Minn., its help to the community is more indirect.

Atlantic City, N.J., casinos donate the use of vans to transport elderly people around the community. They also employ wheelchair-bound people in the unusual occupation of gaming table surveillance, indirectly taking these people off the welfare rolls and eliminating their need for expensive social services counties provide handicapped people.

And in the Shaw neighborhood of Washington, D.C., there's a new supermarket, the first built since 1968. Joint owners are the citizens' association, Giant Food and the D.C. Development Corporation. It has vastly improved neighborhood life.

Technical Assistance

In Suffolk County, N.Y., technical assistance came in the guise of one. Laurence Rocker from Citibank. He was loaned to the community development division to obtain loans

and help stretch block grant funds. Pat Dodd of Xerox Corporation was loaned to Loudoun County, Va., for a much different assignment. She set up an emergency shelter for youth.

Cooperation

Then there is Michael Adler, president of Progressive Industries in Montgomery County (Dayton), Ohio. He offered his organizational ability to seek greater cooperation between businesses and government. He formed a committee of 45 community leaders that addressed over 153 regional problems. "As a result of Mr. Adler's leadership and vision, Montgomery County has developed three long-range strategic plans for growth," says Commissioner George Ferguson.

Government Powers

To gain greater cooperation from business, officials use government tools such as regulation and deregulation, administrative reform, tax policy or contracts for service.

Clackamas County, Oregon's new methane plant at Jack Palmer's landfill is an example of several of these measures. Parker owns Rossman's landfill in Oregon City. The county franchises garbage collection and sets the rate truckers pay him to dump. When environmental problems developed, Parker wanted the county to increase dumping fees to defray the \$4.7 million cost of burning noxious gases.

A pollution liability became an energy asset. Parker decided to "repay" the county for its assistance — and the neighbors for enduring the stench. His "gift" included 20 percent profit from sale of electricity generated by the landfill's methane, a \$3.5 million personal investment in the plant, and free heat for county facilities.

Obviously, businesses don't simply shell out money anymore. They want to make sure the public sector is making best use of all available resources — even garbage.

Reasons behind
W-W recall

Editor — In response to Morton A. Potter II (letter June 24) I will clarify once again: I have never said teachers are evil, bad, no good or anything along those lines.

The recall in the Wayne-Westland school district is not a vendetta against teachers or anyone else.

A large number of my friends are teachers and employees of this school district. I am involved in volunteer work in the schools, more than the average person. (By my wishes our PTO gives the teachers in our school flowers several times a year. We also make purchases for the teachers as well as for the kids and school. Most of our teachers can tell you they just have to ask and I will usually help them in any way possible. Ask your mother about the amount of time I spent with her and Mr. Toms helping with All-City Choir when it began — making uniforms, helping with practices, etc.)

Throughout the recall I have continued my volunteer work in the school.

The letter writer has apparently never taken the time to talk to me at any meeting. He has chosen to form his own opinion. Teachers have not been put down.

A contract has been disputed and it seems like only a handful of educators are having a hard time realizing the recall does not state we are recalling these people because teachers are bad or evil or anything else. I have done NO NAME CALLING, although I have been called various things. THE RECALL states the VOTE ON THE CONTRACT as reason for recall.

I think the people who keep writing about how bad we say

teachers are (when we haven't) either have hidden motives or need a lesson in reading. Find one instance I have knocked teachers personally or personally attacked their jobs.

This is simply, very simply, a question of the vote by school board members on a contract. It happened to be the teachers' contract, not the teachers themselves.

No one blames the teachers. Most didn't even know this was coming. If someone handed me a 7 to 9% raise I'd take it, especially since my family has just taken concessions — not deferments.

I am getting sick and tired of a handful of people who work in our district (many of whom do not even live in our district) making rash statements and not listening. Not listening to what the public was saying helped cause this recall. These people don't know me or take the time to attend Board meetings, including you, Mr. Potter. I know you are a future taxpayer and voter but it is never too early to learn to get your facts straight.

So many of you don't realize parents are also important. We produce the children and pay the taxes that pay the salaries. Without us none of you would have jobs. (I have not contributed to declining enrollment — I have six children. We care about our kids and about where our money goes.)

If we hated teachers so, would we entrust in their hands our most precious possessions, our children? Because we have a difference of opinion does not mean we are out to destroy the school district.

A lot of thought went into this recall. Recall is a very serious business but it is part of the democratic process and our right as a citizen. If we feel an elected representative is not doing his job we cannot fire him.

We must follow due steps for recall.

The vote on the contract was much too serious. Four other school districts have taken pay freezes because they realize we are in tough economic times.

We are not Taylorizing this district. I have done studies on Taylor. Our administrators are not doing things like they did in Taylor such as selling school buses and pocketing the money.

Why can't a recall bring about a cleansing of our district? Our concerns are real. There are other contracts coming up. When 85% of our pie goes for salaries and 15% for contractual benefits and what's left over goes for our kids, it's time to stop.

I feel for the employees who just had a deferred payday because of waiting for anticipated funds. What happens when the State runs out of anticipation? How do we fund salaries then? Now is the time for the "People" to be heard.

Take the time to look at both sides, Mr. Potter. Attend Board Meetings and study sessions (they are open to the public). I have attended Board Meetings for years. I have not seen you there. Take the time at next meeting to talk to me.

I know both your parents are teachers. No one is putting them down. It is very honorable for you to defend them but your parents are not the contract that has caused the recall.

ROSE MARY MILLER
Chairperson, Taxpayers United Together

'Thank you's' for great job

EDITOR We would like to take this opportunity to give a big "Thank You" to a number of people that deserve it.

First of all we would like to tell

Mrs. Randi Gross, dance instructor at Van Buren Recreation department, what a great job she did with the group that performed in the "Tanglefoot Review".

Not only were the performers great but the work that Mrs. Gross put into it was beyond recognition. She has a big heart and gives a little of it to all of her pupils. All the time and effort for two semesters of hard work and practice came to live at the Review and all the parents, relatives and friends could not have seen a better performance and had a better time.

Randi, thank-you for a job well done.

Our family would like to tell Valerie Higgins what a great job she did with the Strawberry Parade.

With everything going against her that morning, rain, cold weather, certain things not in place, she still came out looking like a "Strawberry" and the parade was a great event. The crowd loved every minute of it. We realize that Valerie had help in setting it all up but she will have to thank those people her self for we do not know all of their names. So, please, Valerie, tell them thank-you for us.

Lastly, we would like to thank a number of people for their time and effort that they gave to the Van Buren Soccer Association in selling raffle tickets at the Soccer Booth during the Strawberry Festival. Special thanks is given to Mrs. Betty Porter, Mr. & Mrs. Henry Zaborowski, Mrs. Faye Traskos, Mrs. Burhos and especially to my husband for all his understanding and helping hand during the three days we had the booth at the festival. Also the Van Buren Soccer Association would like to thank Judge Zaborowski of the 34th District Court for doing the drawing of the Hon-

da Express that we raffled off.

Richard & Sharon Pokerwinski
Sumpter Township

Another note of thanks

EDITOR — Thank you Strawberry Festival Workers.

As President of the Belleville Area Strawberry Festival Committee, I want to express my sincere thanks to any and all who worked to assure our success this year.

Projects of this type are completed only with the dedication and help of many people. It matters not if you worked five months or five minutes your help is greatly appreciated.

The success of future festivals depends on the effort extended by the citizens of our communities. There is still plenty of room for growth and improvement, so let's keep working to help assure that next year's festival will be the biggest and the best.

Thank you again one and all.

THEODORE J. CENTER,
President
1982 Strawberry Festival

Senate candidate chastises writer

EDITOR — Since you have gone public and referred to me as a fool, I suppose you too have become fair game.

First of all anyone who believes the temporary 22% increase in state income tax is "temporary" is a bigger fool than I am. That tax was only passed so that Milliken could "retire" with a balanced budget and still have our state approximately 600 million dollars in debt.

The problem with you Sir, is that you too have lost touch with the man on the street, or do you think the only issue in this campaign is the tax increase?

Have you looked at your property taxes for schools lately?

Have you asked anyone running a small business how they like the Single Business Tax?

Have you asked an auto worker how he liked his last wage concession?

Because I have, better yet ask his neighbor how he likes the "Say Yes to Michigan" campaign when he can't pay his rent because he's laid off.

Ask the laid off worker how he feels about oil drilling and coal mining when he can't pay his light and gas bills.

Ask an injured worker how he likes his compensation wages when he finds out that the insurance companies suck up more than half the payment for "administrative fees".

I Sir am an auto worker and a former U.A.W. member and I know how it feels to be laid off, and have your kids ask for ice cream and all you can think ab-

out is how you can raise the rent money.

You Sir should stick to reporting the facts not tote political baggage for some politician.

Have you realized that the people nominate candidates thru a state primary and not the old system of "Party Nomination" as you call it?

I Sir am the only 12th Senate District candidate who asked the VOTERS to sign my nomination petition, are the others afraid to face the voters?

I am also proud of the fact that I have made myself available to anyone who wishes to talk about my views and campaign policies, have the other candidates?

Do the others have property taxes, kids to raise and to send to our schools?

These are the issues of the citizens of Michigan, get out and meet them, I'm sure you'll like them. I have and I do.

If Bill Faust wants to help our Michigan's economy let him cut back on his office expenses (senate) of over \$250,000 dollars last year.

I Sir, believe your "editorial" is part of the problem with this state, you play "Politics as usual" and try to elect your man on name recognition and not how they view the issues. Let's let the politicians carry their own baggage and answer their own critics.

Also, your "Editorial" states Faust "is in the great fish bowl" I believe he is in the "Great Swamp" filled with alligators, only Bill Milliken forgot to drain it before he "retired". My only regret is that we the VOTERS did not have the opportunity to retire Bill Milliken ourselves.

You can sign me "The fool who challenges Faust".

JAN R. BALES
Candidate for state Senate
Westland

P.S. I also, intend to send copies of your editorial and my response to all the local newspapers.

To 'discouraged American'

EDITOR: I hope that "Discouraged American" (Belleville Enterprise issue June 16, 1982) will plan a Fourth of July picnic at the "Family Day" at the Van Buren Park and stay to enjoy the fireworks.

This is the fourth annual "Family Day" and this year I have added a fireworks display to augment the usual food, games and music offered as a full day's family entertainment.

TOM WELTY
Van Buren Township
Family Day Treasurer,
Van Buren Township.

reflections

A child is born

Yesterday I held David Patrick in my arms. All seven pounds and twelve ounces of him, and he looked up at me with eyes which held the wisdom of all that he has been and all that he will become, and recognized me.

And I recognized him.

The seventh grandchild!

Each one comes into the world and takes his place and becomes. Within minutes there is no sense of ever having been without him. He just is.

As I held David Patrick yesterday I thought a great deal about where that soul has been forever. How did it gather its energies

and direct itself into this particular little body?

This perfect body, stretching and yawning, its tiny hands reaching out and waving at something unseen, its tiny body storing up all that it will become with all that it has been.

Darcy and Mike tied on masks and breathed down on the baby. Their father said the masks were unnecessary. Their mother said they were necessary. The kids squirmed and breathed under and over the masks and adored the new member of their closetknit family.

As darkness came, tender

sounds came from the bedroom where the baby lay in his cradle. Soft light penetrated the darkness of the hall, and in its quiet light we saw the baby's father lying across the bed, his face close to that of his son's, and the lullaby he had written a few weeks ago, was being offered as a special gift.

All alone with his newborn son.

The baby's mother joined them, going quietly into the room and becoming a part of the bonding. I peeked in and marvelled at the beauty of it all, the essence of infinity, the awareness of the present, and then I gently closed

JOYCE HAGELTHORN

the door, cautioned my first two grandchildren to be very quiet and help their mother, and went out to my car.

The heavy air settled around me, and the stars seemed far, far away, but there was a fragrance wafting on the gentle breeze, and I knew, that despite wars and rumors of war, everything was right in MY world for a miracle had once again occurred.

MONA GRIGG

more than the malignancy that had attached itself to him.

You will never convince him that laughter wasn't the cure.

I'm convinced. I'd much rather go through life smiling than go through it peering through a veil of tears. Even if the smile is a little forced.

For example, when my arch-rival tells me that her only child, Wendy Wonderful, graduated Magna cum Laude and is marrying a doctor whose father, Prince something-or-other, is up to his ears in oil, I can smile. I can even say, "Well, Glory be! Isn't that wonderful!"

I can even sustain it for minutes at a time. But if she reminds me one more time about the time W.W. landed the PepsiCo commercial, I'll not be responsible for my actions.

It needs work — what can I say?

mona grigg

Honesty, sweet honesty

The other day, a woman I didn't know shouted across the room to another woman I didn't know:

"Mabel, (I'll call her 'Mabel') look at you! You look great!"

Whereupon, Mabel shouted back, "You're darn right I look great. I should look great. I got rid of my husband and my kids and my grandkids. I feel great!"

As I stood there thinking about what would prompt a person to get rid of a whole family full of people — and wondering how the evictees felt about it — Mabel proceeded to do a little dance around the room, to the tune of a cute little two-word song: "I'm free! I'm free!"

No question about it; Mabel was ecstatic!

Not a half-four later, I happened to be in the vicinity of Mabel again. This time she was engaged in a semi-private conversation with a woman who had just lost her job.

"Hah!", Mabel shouted, (Did Mabel always shout? I don't know. She always shouted that

day) "Is that all? You're lucky. You've at least got your husband and your kids and your grandkids. I've got nothing."

Huh? Was this the same Mabel? It looked like the same Mabel. What was Mabel doing? What happened to "I'm free! I'm free!"?

What happened, of course, was that the phony frenzy had finally exhausted Mabel. She couldn't carry it off any more. Hard telling how long she had been doing the "liberation waltz" in front of how many groups of people.

Mabel was finally being honest. She was finally saying what we all knew she felt, anyway. Even without knowing her husband or her kids or her grandkids. Even while we watched her do her little dance of freedom.

The phony jubilation — so intense because the situation was so extreme — had served its purpose: Self-preservation. It had preserved Mabel's self while she worked herself through the first step in the transition.

Now she was ready for the

second step: honesty. She could go on from there and make the third step whatever she wanted. She could choose to wallow in self-pity or she could make the new changes in her life positive ones.

But the phony act was necessary at the time and we all saw through it so readily because we had all been there ourselves a time or two.

When you're busy convincing all those significant others that life is a cabaret, pretty soon you find yourself convinced, too. At least for the moment.

Norman Vincent Peale even legitimized it by calling it "The Power of Positive Thinking".

Author Norman Cousins claims he kept himself out of it. The doctors had written him off and told him to go home and put his house in order. Instead, he went home and watched old Marx Brothers movies. He read every joke book he could get his hands on and laughed far into the night, until his stomach hurt far

'Save the Children' in Middle East crisis

EDITOR — The new outbreak of violence in Lebanon has claimed the lives of thousands of victims while leaving countless more homeless, without access to even the most basic necessities of life. The International Red Cross estimates that over 300,000 are homeless; others put the figure closer to one half million.

In the rural areas, whole communities have fled, many of them huddling on open beaches, scavenging for food and water. Beirut itself is engulfed in fear, death and destruction. Empty streets and shuttered shops stand amid the unremitting shelling. Stunned and grieving families stretch from one end of this tiny country to the other.

And, as always, it is the children who are the most vulnerable. Moving from place to place looking for what might temporarily be safe shelter, sleeping on open staircases or in empty fields — lacking food, clean water or a change of clothes, the toll of young lives continues to mount.

Save the Children, the international child assistance agency that has been working in Lebanon for over 25 years, is providing emergency services for these children and their families

through their established health centers. A team of 45 trained professionals is working around the clock to alleviate the suffering.

Volunteers have been mobilized to assist the displaced by locating temporary shelter and distributing medical supplies, clothing and blankets. Save the Children, in cooperation with the United Nations and other voluntary and bi-lateral agencies, is making both an immediate and long-term commitment to the relief and rehabilitation of the Lebanese people.

In order to assist those struggling for survival, Save the Children is issuing an urgent appeal for funds. As a member of the organization's 50th Anniversary Committee, I strongly urge you to take this opportunity to extend a helping hand to the suffering children of Lebanon in their time of crisis. Any contribution, no matter how small, can make a difference. Please mail your check today to Save the Children, Lebanon Emergency Appeal, Dept. P, Westport, Connecticut 06880.

There's more than root beer at this popular restaurant

By DENNIS NIEMIEC
Feature Editor

Anyone who has ever tasted A & W root beer in that familiar mug knows what a pleasurable experience it can be. But root beer alone is not the reason people keep coming back to the Garden City A & W restaurant, located at 32227 Ford Road (between Merriman and Venoy). They come back for the food, whether the foot long coney, the teen burger, the papa burger supreme or any of a number of popular sandwiches and desserts. And they're visiting the Garden City A & W in record numbers, as evidenced by the restaurant's lofty ranking compared to other A & W outlets. "We're one of the higher volume restaurants," owner Dennis

Andrus reported. "During the last eight years our business has tripled. "A lot of people think of root beer when they hear of A & W," he continued, "but our reputation is built on food. A & W sells more hot dogs than any other food chain...20 percent of our sales comes from the foot long coney. A & W has also become synonymous with the hot dog." Recently purchased by the Taubman Co. of Troy, A & W restaurants were founded in 1919 and boast more than 1,000 national outlets, including 87 in Michigan. While many of the sites feature only drive-in service, Garden City A & W offers a dining room (capacity of 49) as well as drive-in facilities. In the dining room, service is only a phone call away as diners place

their orders using a phone located at each table. No lines to stand in while waiting for your food, Andrus pointed out.

What to order? The menu features the foot long coney (\$1.59), coney dog (89 cents), chicken sandwich (\$1.59), hammy sammy

(\$1.84), bar-b-que beef (\$1.29), fish sandwich (\$1.49) and fish and chips (\$2.39). Then there's the varied Burger

Family — teen burger supreme (a quarter pounder at \$1.59), papa burger (\$1.34), deluxe burger (89 cents) and hamburger (59 cents). Sandwiches and burgers are served in a basket with french fries and cole slaw for an additional 80 cents. The A & W root beer (57 cents for regular mug) is available to take home in quantities up to a gallon (\$2.29). The mug, which highlights an A&W insignia, is priced at \$1.20. Current specials include a puppet platter for children (\$1.49) that features a hamburger or hot dog, french fries and beverage. Another popular special is the offer of two root beer floats for 99 cents. "Every Tuesday is Coney Day here with our coney dog priced at 59 cents," said Andrus, the vice-president of the Michigan A & W Operator's Association. "Our hot dogs are the highest quality on the market." Open year round, Garden City A & W is open daily during the summer from 10:30 a.m. to 11 p.m. Call-in orders are accepted at 261-8160. Andrus is assisted in management operations by his wife, Rebecca, and managers Lori Hamann, May Walter and Marcella Walter.

The Garden City A & W, located at 32227 Ford Road, features both indoor and outdoor dining facilities. In addition to its popular root beer, this A & W restaurant has recorded a high volume of business due to its popular coney dogs and hamburger selections. Photo by Lothar Konietzko.

'Cinderella' production designed for children

"Cinderella — A Toby Show," the Hilberry Summer Theatre Festival's production for children's audiences, will open July 6, at 1 p.m., in the Hilberry Theatre, located at Cass and Hancock in Detroit. Performances continue through July 29, each Tuesday at 1 p.m. and each Wednesday and Thursday at 10:30 a.m. "A Toby Show," loosely based on the fairy tale "Cinderella," is a recreation of a type of American drama popular in the tent theatres playing in the small towns of the South and Midwest in the early years of the Twentieth Century. Out of this period emerged a truly American folk character named Toby, a lovable redheaded, freckle-faced country comedian, who always outsmarted the city slickers and, through bumbling or quick wit, brought things to a happy conclusion. In this version of the familiar tale "Cinderella," Toby arrives at Cindy's (Cinderella's) house in answer to an ad for a hired hand. Seeing the injustice here, he assumes the role of Cindy's fairy godmother and, through his homespun humor and

country antics, brings about a happy ending. "Cinderella — A Toby Show," written by Aurand Harris, was made possible with a Creative Writing Fellowship awarded to him by the National Endowment for the Arts, the first to be awarded for children's theatre. It was first produced in 1978 at the University of Texas at Austin, where Harris was playwright in residence. In the Hilberry production, Toby is played by Gary Righettini and Cindy by Mary Eldridge. Also in the cast are Marian Mills, Kay Towne, Maureen McDevitt, Richard Klautsch and William Neil Dalley. The production is directed by Gary M. Witt, with scenic design by W. Reed West, and costumes by Marilyn Renaud. Tickets at \$2, or \$1 for groups of ten or more are on sale at the Wayne State University Theatre box office in the Hilberry lobby. The phone number is 577-2972.

Terrarium brings outdoors indoors

By BOB BREWSTER
Special to Playtime

If you enjoy being outdoors but can't get away to a favorite woods or lake as often as you'd like, it might be fun to create an outdoor setting at home. Building a terrarium is a way of bringing the outdoors indoors, in miniature. A terrarium is a replica of an outdoor scene, complete with soil, plants, small animals, even rain. Best of all, you can make the kind of scene that you want using trees, flowers, moss, lichens, logs and

other interesting features. To begin, you need a clear glass container. A wide-mouth gallon jar or old aquarium is excellent. Place a layer of pebbles about an inch thick in the bottom and add an inch of soil. Use the same dirt as that found where the plants will be obtained. Select groups of plants that naturally grow together. Seedling trees, ferns, moss, other small plants that won't exceed the height of the terrarium are best. Use enough extra dirt to cover the roots, and place larger plants at the rear of the scene.

Add rocks, wood, other natural, decorative elements but don't overcrowd the scene. Wet the soil but don't make it soggy and cover the terrarium with a sheet of plastic, jar lid, or glass so it is airtight. The plants will make oxygen, and moisture will condense on the lid and trickle down the sides. Don't set the terrarium in direct sunlight as this may overheat the plants and kill them.

Hurry In And Save

Would you believe this blaze was intentionally set...?

So that Romulus firefighters could pick up valuable training.

Firefighters attack the problem from the rooftops.

And eventually squelch the flames to enter the structure.

'Grueling 66 hours'

Firefighters complete training

No one can dispute the fact that fires can be dangerous. Fatal. And can cost residents and taxpayers millions of dollars each year.

To better prepare their manpower to fight fires, the Romulus Fire Department recently sent members of its force to the State's Certification Courses.

Local firefighters who attended the seminar included: Kaminsky, Kobylas, Lagness, McDonald, Blackburn, Bulliginol, DuFore, Evens, Green, Marcouiller, Miner, Payne, Stephens and Thomas.

The state certification course is designed to meet minimum requirements for firefighters in the area of rescue, fire suppression, salvage and gives the participants an over-all good solid base from which continued training is performed at the individual stations, according to Fire Lt. John Connor.

The 66-hour training course is but the first of a series of four phases of training offered by the Michigan Firefighters' Training Council.

One member of the Romulus Fire Department has recently completed the 240-hour training which is what most full-time departments require, while four others have recently finished the third phase of the training.

"It's a lot to ask of the men to spend this amount of time for training plus their normal firefighting duties and also work a full-time job, but these men realize just as the rest of the department does that advanced training is no longer a luxury but a necessity to do an effective job for the community.

"Some six years ago, our department intensified its training and required every member entering the department to go through the 66 hour training course," Lt. Connor said.

Van Buren talks aimed at tornado emergency

The recent wave of bad weather has prompted a need to update emergency procedures in Van Buren Township, according to Doreen Craven, township clerk who also serves as fire commander.

Mrs. Craven called for a special meeting last night of the Safety Commission to discuss emergency preparedness and to take proper steps to safeguard township residents if and when a tornado struck the township or the immediate vicinity.

The township adopted an emergency disaster plan in January of 1978, however, Mrs. Craven stressed that "contact persons' names need to be updated as well as current siren signals and procedures renewed."

Craven reiterated the local signal indicating a tornado warning.

"A tornado warning means a tornado has been sighted in the area and that residents should immediately take cover. The siren will blast for a four-minute period — a steady blast and is unlike the wavering blast for a fire.

"Then, when the all clear is given, there is a one minute on, one minute off siren which is repeated three times," Mrs. Craven said.

Armed Forces

Airman Martell completes Air Force training

Airman Robert Martell, son of Reynaldo and Rachel Martell of 42207 Hayes, Belleville, has completed Air Force basic training at Lackland Air Force Base, Texas.

The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization and customs and received special instruction in human relations.

Completion of this training earned the individual credits to-

AIRMAN MARTELL

ward an associate degree in applied science through the Community College of the Air Force.

He is a 1982 graduate of Belleville High School.

Kenneth W. Richardson, 18, son of Billy and Fay Richardson, 41757 Arthur, Belleville, has entered the U. S. Air Force's Delayed Enlistment Program (DEP).

According to Technical Sergeant Edward Lehmann, the Air Force recruiter here, Richardson will commence four years active duty on April 7, 1983, undergoing six weeks basic training at Lackland Air Force Base, Tex.

The Air Force has guaranteed that Richardson, a 1982 graduate of Belleville High School, will then receive Aircraft Armament Systems Specialist training, and upon completion be assigned to an Air Force duty station.

Toni M. Wanshon, 17, the daughter of Edmund H. Wanshon, 156 Rustic Ln. N., Belleville, and Barbara Wanshon of Dundee, enlisted in the U. S. Air Force today, depart-

ing here for six weeks basic training at Lackland Air Force Base, Tex.

Following completion of basic, says her recruiter, Technical Sergeant Roy Smith, 3645 Metro Place Mall, Ms. Wanshon has been guaranteed training as a Precision Measuring Equipment Specialist. Smith added that the 1982 graduate of Belleville High School will receive college credit for her Air Force training through the Community College of the Air Force.

Upon graduation from technical training school, Ms. Wanshon will be assigned to an Air Force duty station.

Pvt. Dwayne R. Quiney, son of Frances K. Quiney of 21931 Karr Road, Belleville, and Isaac Quiney of 7042 Lorenz, Romulus, has completed basic training at Fort Leonard Wood, Mo.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

He is a 1978 graduate of Lincoln

Consolidated High School, Ypsilanti.

Pvt. David F. Turner, son of Ralph F. and Mary B. Turner of 6598 Haggerty Road, Belleville, has arrived for duty in Tongduchon-Ni, South Korea.

Turner, a tracked-vehicle mechanic with the 2nd Infantry Division,

was previously assigned at Fort Knox, Ky.

He is a 1979 graduate of Belleville High School.

Marjorie A. Glazier, daughter of Lon D. and Edna M. Glazier of 5004 Crescent Drive, Spring Hill, Fla., has been promoted in the U.S. Air Force to the rank of first lieutenant.

Glazier is a computer systems development officer at Offutt Air Force Base, Neb., with the 3900th Computer Services Squadron.

Her brothers, Melvin J. and Craig A. Glazier, are both residents of Romulus.

She is a 1980 graduate of the U.S. Air Force Academy, Colorado Springs, Colo.

Romulus residents laud SEMTA transit

Residents of Romulus Towers are participating in a new SEMTA transit program that began operation last November. The program, called site-to-site, enables groups of 10 or more senior citizens to travel — at the same time every day or every week — from their homes to any location within a six-mile radius and back home again.

"You wouldn't believe how cooperative the SEMTA staff has been in the three months that we've been participants of the program," said Josephine Ocelvany, a one and one-half year resident of Romulus Towers and coordinator for the site-to-site outings for her building.

"We signed up to take a trip to Southland every Wednesday, but everyone got bored going to the same place every week. I called SEMTA and they were extremely cooperative; now we travel to Southland, Westland and K-Mart on a rotating basis."

"I'm sure that the diversity of the outings will attract more residents to the program; the 10-15 regular riders certainly are satisfied."

SEMTA's site-to-site program currently carries more than 750 seniors from 31 tri-county area senior citizen residential complexes to more than 40 different sites each week.

Well over 300 citizens in Wayne County alone are finding SEMTA small bus CONNECTOR site-to-sites a reliable, convenient and inexpensive method of getting around on a regular basis.

A total of 26 scheduled site-to-sites are currently operated in Wayne County, servicing 18 senior citizen complexes in nine different municipalities.

In addition to the residents of Romulus Towers, residents of Wyandotte Cooperative Apartments in Wyandotte; Silver Village, Brashear Tower, Ziegler Place and McNamara Towers in Livonia; Royal Holiday Cooperative Motor Home Park in Canton Township; Tonquish

Have a nice trip

ALL ABOARD — Michigan State Representative Edward E. Mahalak (third from left) joins the senior citizens at Romulus Towers for their weekly SEMTA site-to-site trip. The senior citizens are among the more than 750 seniors from 31 tri-county area apartment complexes who use the special transportation service. Romulus Towers seniors include (from left to

right) Mr. and Mrs. Guierrez; Amy Robertson (seated next to Rep. Mahalak); Jean Smith, manager of the Towers; Josephine Ocelvany, transit coordinator; and P. Ashby. Peering from the bus are (from left to right) D. Icenagle, A. Carson, M. Norwicki and Erma Wool.

Creek Manor in Plymouth; Westgate Apartments, Thomas Taylor Towers, Greenwood Villa, Pointe West and Willow Creek Apartments in Westland; Wayne Tower in Wayne; Rivergate Terrace in Riverview; and Across the Park Apartments, Restoration Towers and St. Joseph Apartments in Detroit participate in SEMTA's site-to-site program.

"This SEMTA transit program really gives citizens of Romulus the best return on their transit dollar," said Edward E. Mahalak, Democratic State Representative for Romulus. "I've been a long-time supporter of public transit and I believe that the site-to-site program provides transit when and where people need it. It's a great program because it's convenient and inexpensive."

The program not only benefits senior citizens, it also benefits area merchants. For example, several of the Wayne County site-to-site destinations are Farmer

Jack's supermarkets. "We're delighted to have the site-to-site program operating," said Robert Marquart, vice president of public relations for Borman's Incorporated, parent company of Farmer Jack's. "We have made a conscious decision to provide as many conveniences — check cashing, postal service and a pharmacy — for senior citizens as we can. The SEMTA site-to-site program helps senior citizens to avail themselves of the many services we provide on a regular basis."

A site-to-site is simple to schedule. All you have to do is arrange for at least 10 people who would like to travel together from the same place at the same time every day or every week. Designate one individual who will serve as the transportation coordinator for the group.

The transportation coordinator will then be responsible for placing a call with the local SEMTA CONNECTOR small bus service in the area and making a

standing reservation. The day before the CONNECTOR is scheduled to arrive, the transportation coordinator will be responsible for surveying the senior citizens to find out the exact number who plan to use the service and then phone the number in to the SEMTA CONNECTOR office.

While the majority of SEMTA site-to-site trips are currently arranged from senior citizen apartment complexes, anyone can arrange to schedule a trip. Neighborhood travelers, however, would have to arrange to meet at one central location on a regular basis. SEMTA site-to-site trips may be arranged weekdays between the hours of 6 a.m. and 6 p.m. Fares are determined by the length of the trip and senior and handicapped citizens ride for half fare.

For additional information on how you can arrange a SEMTA site-to-site trip, call the SEMTA Office of Public Affairs at 256-8765.

Cash flow update is tied to county plan for layoffs

Still trying to work their way out of a projected \$17 million deficit, Wayne County Commissioner recently postponed further action on County-wide layoffs until they receive an updated cash flow statement from the Board of Auditors.

Hard-line Republican Commissioners Ervin R. Steiner, Jr., William J. Runco and Mary E. Dumas insisted on "facing the facts now" rather than delaying the situation, but the majority opted to await the Auditors' report.

Addressing County Fiscal Advisor Edward E. Bobowski, Commissioner Arthur M. Blackwell asked for an updated estimate of the number of lay-offs that will be required to balance the budget beginning August 11th.

"Before we start playing that game again," Bobowski countered, "you tell me — first — which departments are going to get exemptions."

"All I'm trying to do," said Blackwell, "is to give the unions an idea of what to expect if the one mill increase fails on the August 10 ballot."

Commissioner Jarrette Simmons, who suggested waiting for the audit report, argued that the Board could not proceed intelligently until all the facts and figures concerning the present budget situation are made available.

Runco, still maintaining that the commissioners should take a realistic view of the circumstances, and decrying any type of tax increase, said the millage vote will go down to defeat in August. "If it passes," he challenged, "then I'll quit."

"Labor contracts are running out June 30," he persisted, "and I believe we can still get concessions from the employees when they realize the County will have to virtually shut down if they don't reach some type of agreement."

The layoff of 670 employees was averted earlier this month when union and county negotiating teams failed to arrive at a settlement on concessions and the Sheriff and Prosecuting Attorney sought court exemptions of lay-offs in their departments. As a last resort, commissioners were forced to seek a one mill increase for one year.

Belleville resident chairs St. Jude fund drive

The Central Regional office of St. Jude Children's Research Hospital announced today that Ted Clayton has agreed to the chairmanship of the St. Jude Children's Research Hospital Bike-A-Thon in Belleville.

The funds raised in this year's event will go to support the hospital's programs of research, patient care, and education.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which affect our children. St. Jude's is non-sectarian, non-discriminatory and provides total medical care to over 4,200 patients.

At St. Jude, scientists and physicians are working side by side seeking not only better means of treat-

ment, but also the cause, cure, and prevention of these terrible killers.

All findings and information gained at St. Jude's are shared freely with doctors and hospitals the world over. Thanks to St. Jude Children's Research Hospital, children who have leukemia, hodgkins disease, sickle cell anemia, and other child killing diseases now have a better chance to live.

The funds raised in the Bike-A-Thon this fall will assure the continuation of the life giving work at the hospital.

The concern which Mr. Clayton has for the work being performed at St. Jude is greatly appreciated, and the children hope that the citizens of Belleville will support the upcoming Bike-A-Thon wholeheartedly.

Romulus Help Center to offer diet tips

Are you always looking for a new diet? Do you go through each day thinking about food? Are you constantly worried about gaining and losing weight?

If you've answered "yes" to these questions, there's a class for you at the Romulus Help Center, 35085 Goddard Rd., Romulus.

The class will begin July 12, and will meet Monday mornings from 10 a.m. - Noon. There will be a weekly fee of \$2. The class is for adult women only and the number of people will be limited. It is open to all of Wayne County.

This is not a quick weight loss group. We

will not recommend any diet or drugs as a solution. The immediate goal is to help change your relationship toward food. You will be involved in lots of discussion. You will have the opportunity to share with other women the conflicts you experience related to eating and weight. You will learn

new ways to approach food.

If you are interested in learning more about yourself, would you like the chance to get to know other women who have the same problem?

If so, call 941-7970, and ask for Amy Grossman-Weisz or Bernadine Mistor, to enroll.

CITY OF ROMULUS PUBLIC NOTICE

The adopted budget for Fiscal Year 1982-83 for the City of Romulus is available for public inspection on weekdays at Romulus City Clerks Office between 9:00 a.m. and 5:00 p.m.

CITY OF ROMULUS NOTICE OF PUBLIC HEARING ON MASTER PLAN AMENDMENTS

Pursuant to Act 285 of the Michigan Public Acts of 1931, as amended (the Municipal Planning Commission Act), notice is hereby given that the City of Romulus Planning Commission will consider Master Plan amendments at a public hearing on Monday, July 12, 1982 at 8:00 p.m. in the Romulus City Hall, 11111 Wayne Road, Romulus, Michigan 48174.

At this meeting, property which generally lies on both sides of Venoy Road between Ecorse Road and Wick Road will be considered to be changed from Single-Family Residential and Regional Center to Mobile Home Park & Commercial. Further, the relocation of portions of Smith Road and Venoy Road right-of-way will also be considered as amendments to the City's Master Plan — 1990 (see attached map).

The Master Plan is available for public inspection in the clerk's office in the City Hall, between the hours of 9:00 a.m. and 5:00 p.m., Monday through Friday. Written comments concerning these amendments may be submitted at the above address (Attention: Planning Commission) prior to the hearing.

Kensington to hold 'Nature Festival'

A two-day "Family Nature Festival" will be presented by the Huron-Clinton Metroparks Nature Interpretive Program at Kensington Metropark near Milford/Brighton on Saturday and Sunday, July 10 and 11.

This week-end series of special programs will highlight the 30th Anniversary of the founding of the nature interpretive program developed by the Huron-Clinton Metropolitan Authority.

It all started in the summer of 1952 when seasonal naturalist William F. Hopkins began leading groups along the new nature trails at Kensington Park. Shortly thereafter Hopkins became Chief Naturalist. Interest continued keen and a nature center and staff were added at Kensington in 1957.

Eventually the program expanded to include nature trails at most Metroparks and with nature

centers added at Stony Creek (1964), Oakwoods (1975) and the new Indian Springs Metropark (opened June 10, 1982). In addition, the Farm Center program has been added at Kensington Metropark.

Hopkins retired in 1974 and now

lives in Miami, Florida, but the program continues and is directed by Thomas H. Smith, Chief of the HCMA Interpretive Services and the staff of park naturalists.

The two-day program is directed by supervising naturalist Patricia

Carlson of Kensington Metropark (Phone 685-1561). The wide range of programs featured in this festival include events at the Kensington Park Nature Center and Farm Center, such as nature walks and a sampling of some newer activities.

YMCA readies 'Summer Fun' program

The YMCA in Brownstown is now accepting reservations for its day camping program.

Boys and girls, 6-12 years of age, will find fun, adventure and friendships.

Each weekday morning the children from Romulus, Brownstown, Huron and Taylor come to the YMCA in Brownstown (Inkster Rd. just South of Sibley) and then are transported to the camp site in Lower Huron Metro Park.

The Day Camp program is espe-

cially designed to meet the needs of younger children and will include such activities as arts and crafts, nature lore, groups games and swimming at the YMCA pool daily.

Special day programs include all camp activities, cook-outs, and Parents' Night Program at Lower Huron Park.

The Camp Director this year is Richard DuRei, currently the YMCA Program Director. The camp staff will be composed of highly trained counselors, at least eighteen years of age.

Information on this and other YMCA programs is available by calling the YMCA at 281-2600.

HURON TOWNSHIP NOTICE TO ELECTORS

NOTICE IS HEREBY GIVEN THAT THE LAST DAY TO REGISTER FOR THE AUGUST 10, 1982 Primary Election will be Monday, July 12, 1982. The Clerk's office will be open on that day from 8:00 a.m. until 8:00 p.m. for the purpose of registering voters.

If you have registered at an Office of the Secretary of State and have not received your voter registration card from Huron Township, please contact the Clerk's office immediately so that we can trace your registration prior to the election.

HURON TOWNSHIP BOARD MEETING MINUTES OF JUNE 23, 1982

The regular meeting of the Huron Township Board was held in the Huron Township Hall, 37290 Huron River Drive, New Boston. The meeting was called to order by Supervisor Sullivan at 8:01 P.M.

The pledge of allegiance was led by Fred Abar.

Roll Call: Bates, Carey, Gamber, Geierman, Puskar, Sullivan — all present

Ashby — absent for due cause.

Residents from Wahrman Road voiced their opinions in opposition to the proposed landfill at I-275 and Sibley Road.

#623-1 Motion by Gamber Supported by Bates

To approve the agenda with the following additions: Under Old Business — 2e — Phil Baschal — Addition to Electrical Code.

Under Fire Report — 6a — Letter from Fireman.

Motion Carried Unanimously.

#623-2a Motion by Carey Supported by Gamber

To authorize our Engineering firm to enter into negotiations with the City of Romulus to provide water along Pennsylvania Road between Inkster and Middlebelt Roads and to report back to the board at the next regular meeting.

Motion Carried Unanimously.

#623-2c Motion by Bates Supported by Puskar

To appoint Gary Bates, William Geierman and John Puskar as a committee to meet with Harry Paul and the Township Attorney, Richard James to negotiate on resolving the Hannan Road property.

Motion Carried Unanimously.

The board directed John Chihani to work with Roy Raker on an Environmental Impact Assessment statement resulting from the proposed landfill and send to the Environmental Resource Commission.

#623-2d1 Motion by Bates Supported by Carey

To adopt the following resolution:

WHEREAS, the northwest corner of I-275 and Sibley Road is being proposed as a sanitary landfill, and

WHEREAS, Public Acts 641 of 1978 specifically states that local ordinances shall not be enforceable only after the County completes its solid waste management plan, and that study has not been completed to date, and

WHEREAS, Huron Township approved an Ordinance 81-3 as of September 1981 governing said sanitary landfills, and

WHEREAS, the Township Board has full faith in this Ordinance and the Board of Appeals and Planning Commission defined in this Ordinance to judge the impact on the health, safety and welfare of such a sanitary landfill on Huron Township and its residents.

THEREFORE, BE IT RESOLVED, that this Township Board will pursue all avenues to ensure that a proper application on the proposed landfill be submitted to the Board of Appeals, referral to the Planning Commission and any referrals judged appropriate by the Board of Appeals, and

FURTHER, BE IT RESOLVED, that the Township Clerk shall notify by registered mail Browning-Ferris, Industries, Wayne County Health Department, Wayne County Commissioners, Department of Natural Resources, F.A.A. and/or any other governmental agencies involved in the approval of this sanitary landfill as to the firm commitment this Township Board has towards this community, its people and its ordinances.

Also to send this resolution to all communities in Wayne County.

Motion Carried Unanimously.

#623-2e Motion by Geierman Supported by Gamber

To adopt the following Rule 21 to the Electrical Code:

There shall be no more than one electrical service per residential site in all Single Family Residential areas. If additional service is requested, an application must be approved by the Zoning Board of Appeals. There shall be no additional charge to the property owner for this ZBA application.

Motion Carried Unanimously.

#623-3a Motion by Geierman Supported by Puskar

To grant permission to Wayne Cablevision, Inc., to attach to a utility pole in Huron Township on Inkster Road in order to complete a portion of their trunk line system.

Motion Carried Unanimously.

#623-3b Motion by Carey Supported by Geierman

To concur with the recommendation of the Recreation Committee to appoint Andy Tyre as a member of the committee to fill a vacancy. (Term to expire 12-31-83.)

Motion Carried Unanimously.

#623-4a Motion by Carey Supported by Bates

To table request of Clayton H. Ernst for a Peddlers License.

Motion Carried Unanimously.

#623-4b Motion by Puskar Supported by Bates

To direct the Clerk to draw-up a resolution urging all communities to become active in the compilation of the County Operational Landfill Ordinance.

Motion Carried Unanimously.

#623-5a Motion by Gamber Supported by Puskar

To approve the minutes of the regular board meeting, June 9, 1982 as presented.

Motion Carried Unanimously.

#623-6a Motion by Geierman Supported by Puskar

To send Jeff Laurain a letter of thanks for his service on Fire Department #2 as a E.M.T. and volunteer fireman.

Motion Carried Unanimously.

#623-6a1 Motion by Geierman Supported by Bates

To accept the recommendation of Frank Marvaso to appoint Donald Johnson as an auxiliary fireman on Fire Department #2.

Motion Carried Unanimously.

#623-6a2 Motion by Carey Supported by Puskar

To approve repairing all fire halls that were damaged from the storm.

Motion Carried Unanimously.

Volunteer nurses needed

Family and Neighborhood Services of Out-Wayne County is looking for individuals male or female with a Registered Nursing Degree who would be interested in doing volunteer work as a Consultant with our Senior Citizens Program.

A minimum of 3-hours a week would be needed. For more information please con-

tact Pat Bellinger of Laurie Yandian at 782-0600 between the hours of 9:00 am and 5:00 pm Monday through Friday.

HURON TOWNSHIP NOTICE ELECTION WORKERS

Applications are now being accepted for precinct workers for the August 10, 1982 Primary Election and the November 2, 1982 General Election in Huron Township. Applicants may apply at the Township Office Monday thru Friday from 8:00 A.M. - 12:00 P.M., and 1:00 P.M. - 5:00 P.M.

News on our grads

Colleges award degrees, recognize individual academic achievements

A 1976 Huron High School graduate, Paula Denise Guy of Taylor, was awarded a bachelor of science degree from Tennessee Temple University in Chattanooga recently. One of 395 graduates, Mrs. Guy received her diploma from Dr. Lee Roberson, founder and chancellor of the Baptist institution.

The daughter of Mr. and Mrs. Paul Gaddy of Taylor, the graduate was actively involved in Future Teachers Club and served as its secretary; the Baptist Training Union (for 3-year-olds); the Joy Club and the bus ministry. She is also a former member of Beacon Baptist Church.

MRS. GUY

Honor students named at Ferris

Over 1,900 Ferris State College students were included on the academic honors list for the recently completed spring quarter, Dr. Donald A. Priebe, vice-president for academic affairs, announced.

To be eligible, a Ferris student must have compiled a 3.25 grade point average in at least 14 quarter hours of graded work; a 4.00 is all A's.

Two Belleville High School graduates on that list are John Karl Batzer, the son of Mr. and Mrs. Clyde Batzer of 119 Clarence Street, and Pamela Sue Fitch, the daughter of Mr. and Mrs. James Fitch of 155 Second Street.

New Bostonite Marie J. Brulez, the daughter of the Albert Brulezs of 33675 Sibley Road, was also hon-

ored as were two Romulus High School graduates: Gayle E. Treder, the daughter of the Donald Treder of 36899 Mario Ann Court, and John J. Bozelak Jr., the son of the John Bozelaks of 6845 Middlebelt Road.

Morrison is WMU graduate

Nearly 1,700 persons were on the official list of those receiving bachelor's, master's, specialist's (6th year) or doctoral degrees from Western Michigan University at its commencement which concluded the second semester of the 1981-82 school year.

Among those awarded a bachelor of science degree in communications was a 1977 Romulus High School graduate, Richard Morrison, the son of Mr. and Mrs. Robert Morrison of 35354 Vinewood, Romulus. Morrison, who minored in business, is currently working with handicapped children in Kalamazoo.

Dugan inducted into honorary

Robert Dugan of Romulus was inducted into Sigma Iota Epsilon, scholastic business administration and management honorary, at Central Michigan University May 8.

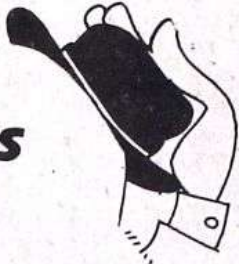

Dugan was one of 379 students honored for outstanding scholastic achievement while enrolled in the CMU business administration curriculum.

Kim Youtsey is honor student

A second year student at Detroit College of Business, Kim Youtsey was an honored guest at the Annual Dean's Dinner June 5, an event which pays tribute to those students who have excelled academically by earning a 4.00 grade point average, all A's.

The daughter of Robert and Carmel Youtsey of 11353 St. Aloysius, Romulus, and a 1980 graduate of Aquinas High School, Miss Youtsey has been on the Dean's List for five marking periods. She is a member of the Psi Eta Phi Business Club at DCB.

Hats off!

EMU recognizes honor students

Eastern Michigan University recently recognized some 3,033 students for their outstanding academic performances during the past year at the University's 34th Honors Convocation in Pease Auditorium.

The honors list includes all EMU students with a cumulative grade point average of 3.0 (B) or better on a scale with a maximum of 4.0.

Belleville honorees were Janice Aberasturi of 128 Menlo Park Dr.; Doris J. Beckley of 12500 Lake Point Pass; Patricia L. Blevins of 41675 Arthur; Gregory A. Brown of 50333 Willis; Jeanne M. Chudzinski of 41584 Savage; Pamela A. Coleman of 10451 Rawsonville; Charles E. Cordell of 10362 Quirk; Alan E. Dockter of 11331 Lake Pointe Blvd.; Annette M. Donnelly of 42065 Arthur; David Duey of 49708 Willis; Mark A. Feitel of 11225 Morton Taylor; and Deborah K. Filer of 20749 Martinsville.

Still others were Holly A. Fitch of 155 Second; Gerald O. Fletcher of 49221 I-94 Service Dr.; Joan M. Garvin of 48741 I-94 Service Dr.; Jana C. Gross of 48541 I-94 Service Dr.; Melissa J. Hertz of 49601 Expressway; Linda J. Hogan of 46200 Hull; Sherri L. Houle of 20050 Karr; Mary L. Ivan of 105 S. Biggs; Linda J. Jones of 50333 Willis; William P. Jones of 50333 Willis; Rhonda M. Keskeny of 220 Henry; Sue E. Lalama of 48850 Denton; Debbie A. Landoski of 47479 Bemis; Mary E. Laurie of 44757 Lake Crest; Wanda F. Layne of 21775 Fenster; George Lebron of 7651 Kirkridge; Jane C. McCarty of 46070 Lake Villa; Sharon L. Melvin of 42541 I-94 Service Dr.; Timothy S. Melvin of 42915 Willis; and Shelly S. Much of 47103 Waters Edge.

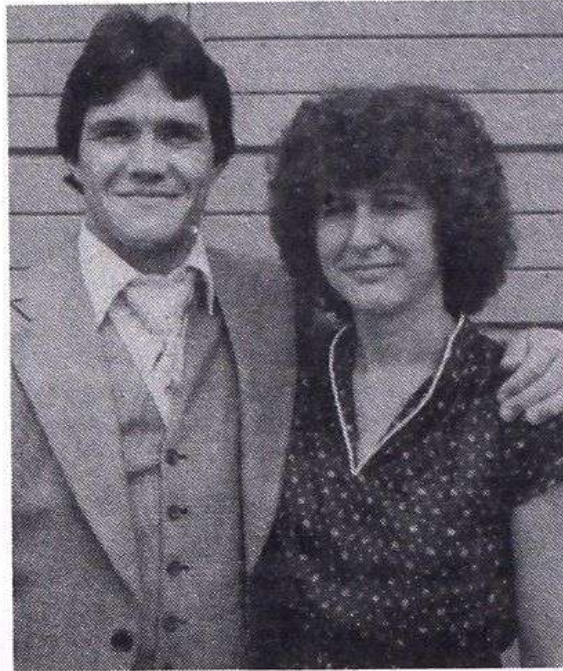

Also included were Jacklyn K. Musser of 9946 Jackson; Betty A. Noel of 10560 Dewitt; Cindy A. Peele of 96 Maple; Karen L. Perkins of 9315 Rawsonville; Lori J. Perri of 6095 Victoria; Kathleen A. Points of 41434 Coolidge; Bernard A. Polzin of 16 Carmell; Gary B. Reed of 48510 Denton; Howard E. Renton of 14270 Martinsville; Sandra L. Rice of 43900 Crowley; David B. Riney of 10348 Quirk; Robin L. Samonek of 40416 Alden; Mala L. Shelton of 56 Carmell; Debra P. Shilling of 327 Timberlane; Valerie L. Sierota of 11820 Quirk; Lewis M. Smith of 159 W. Columbia; Michael J. Smolen of 41267 S. Woodbury; Dennis Tackett of 20501 Sumpter; Paul S. Teague of 40200 Judd; Edwin M. Vanvliet of 139 Menlo Park; William J. Vincent of 42480 E. Huron River; Marilyn M. White of 13107 Lake Pointe Blvd.; Suzanne E. Wilkinson of 48601 Denton; Leah K. Wissinger of 102 Greenmeadow; Robert O. Wyman of 11800 Sunset Ln.; and Lyle D. Zynda of 49575 Huron River.

Romulus students honored were Sandra L. Buchanan of 35511 Stephanie; Joseph G. Carbone of 35662 Wick; Susan C. Dossett of 13669 Hannan; Jill L. Haislip-Bryers of 15750 Merriman; Sharon B. Hancock of 6006 Second; Anthony P. King of 15357 Woodmont; Kathleen A. Ripple of 19695 Inkster; Kimberlee D. Rodd of 13572 Aston; Beverly K. Sinclair-Ganos of 17508 Elm; Gloria E. Smith of 36627 Goddard; Edith A. Tibbs of 6271 Irma; Marjorie F. Trump of 35590 Ronald; Mary E. Wilkinson of 11334 Moore; and Connie S. Zabik of 28900 Prescott Rd.

Romulus resident on Dean's List

Mary Margaret Renke, the daughter of Ray and Loretta Renke of 11452 St. Aloysius Dr., Romulus, was among the 1,100 students included on the Dean's List for the final semester at Western Michigan University.

A 1981 graduate of Aquinas High School and a sophomore enrolled in the occupational therapy program, Miss Renke compiled a 3.5 grade average to be eligible for the scholastic honor.

Priest-Skelton

The engagement and approaching marriage of their daughter, Julie Priest, to Mike Skelton are announced by Mr. and Mrs. Donald Priest of 11526 Wilson, Belleville. A 1980 graduate of the University of Michigan, the bride-elect holds a bachelor of science degree in physical therapy and is currently employed by the Monroe County Intermediate School District. The prospective bridegroom, who resides at 8701-196 Belleville Rd., Belleville, is the son of Mr. and Mrs. Troy Skelton of 2336 Harshman Rd., Dayton, O. He earned a bachelor of science degree in mechanical engineering from Ohio State University in 1978 and is employed by the Ford Motor Company at Livonia Transmission. The First United Methodist Church of Belleville has been reserved for the August 21 wedding ceremony.

Priest, Skelton to marry in August

Library has new hours

Effective July 5, 1982, the Fred C. Fischer Public Library will have shortened hours of operation due to reductions in staff caused by budget cuts.

The new hours will be:

1 to 8 p.m. Monday and Wednesday
1 to 6 p.m. Tuesday, Thursday and Fridays of summer and the Saturdays of winter. Closed Saturdays in summer, Fridays in winter.

Huron senior citizens slated for Amish tour

All Huron Township senior citizens are invited to take part in a 2-day tour through the Amish country in Indiana. Dining at the Amish Acres, overnighting at the Ramada Inn and visiting an Amish farm to learn of that sect's lifestyle is all on the agenda for the July 6 and 7 journey.

The tab is \$84 per person with \$5 of that being paid by Huron Township. This is for double occupancy, bus transportation and meals. The deadline for registering is July 2 so get your call into Huron's Senior Citizen Coordinator Mary Butz at 941-0379.

For your recipe file

Sausage stuffing to enhance vegetables

A platter of fresh vegetables stuffed to overflowing with a delicious sausage/spinach/cheese mixture is sure to add appetizing appeal and nutrition to your next party.

All can be made ahead and refrigerated until just before serving time suggests The National Hot Dog & Sausage Council. Vegetables best suited to stuffing include tomatoes, onions, mushrooms and artichokes.

STUFFING (approximately 4 cups):

1 10-oz. package frozen chopped spinach, defrosted and drained
¾ cup ricotta cheese, drained if necessary
1 egg
½ teaspoon garlic powder
½ teaspoon oregano
½ teaspoon fennel
¼ teaspoon basil
¼ teaspoon nutmeg
2 tomatoes, chopped
½ cup grated mozzarella cheese
Salt and freshly ground pepper to taste
½ pound mild Italian sausage
Parmesan cheese

Remove sausage from casing, cover with water and bring to a boil. Lower heat and simmer for about 30 minutes. Drain.

Put sausage in mixing bowl or food processor. Add defrosted and drained spinach, ricotta cheese, garlic powder, nutmeg, tomatoes and

mozzarella cheese. Blend until well mixed, but not pureed. Do not overmix. Fill vegetables and sprinkle with parmesan cheese.

STUFFED TOMATOES: Cut out stem end of large, fresh tomatoes. Hollow out center with grapefruit knife and fill with stuffing mixture. Sprinkle with parmesan cheese. Bake in 400° F oven for 30 minutes if at room temperature, 40 minutes if refrigerated.

ONIONS: Peel and blanch onions — 10 minutes for large, 5 to 7 minutes for smaller onions. Cut off slice from root end. Scoop out centers with fork to get onion "shells." (Several shells can be made from one large onion.) Sprinkle with parmesan cheese. Bake in 400° F oven for 30 minutes if at room temperature, 40 minutes if refrigerated.

MUSHROOMS: Wash mushrooms thoroughly and remove stems. Fill with mixture and sprinkle with parmesan cheese. Place on baking sheet and bake in 400° F oven for 10 to 15 minutes.

ARTICHOKES: Cut off top and trim side leaves. Cover immediately with water in large kettle, adding 1 tablespoon lemon juice and one clove garlic. Bring to a boil. Cover, lower heat and continue cooking for 30 to 45 minutes. Remove from kettle when tender and drain thoroughly. Remove pulp from center of artichokes and fill with stuffing mixture. Bake in 400° F oven for 30 minutes, or until heated through.

Computerized book selection available for teens at library

If you're a teenager and looking for a good book for summertime reading, help can be found at the Fred C. Fischer Library in Belleville.

Computer Pix '82, an individualized summer reading program, began in early June and will run through July 29, matching up teens

grades 6-12 with a selection of books.

With the use of the computer of the Wayne Oakland Library Federation Cooperative, young adults receive a personalized printout of books matched to their interests.

Participants fill out a short form at the library, the form is sent to the

WOLF Co-op where it is fed into the computer. The printouts, with the person's name and recommended books, will be available at the library in August.

This is a free library service, according to Kay Grabbe, community librarian.

potpourri

By Lee Smith
Suburban Living Editor

So many of the things we use day in and day out have been around for many moons (as the Indians did NOT say) and we've become so accustomed to having and using them that we rarely, if ever, give thought as to their origins.

Take something as ordinary as the comb. Did you know that the first ones were made from animal horns, flattened out? Or that the first commercial comb factory in the U.S. was opened in 1759 by Enoch Noyes of West Newbury, Mass.? They've been with us (and in so many shapes and materials) for 223 years, imagine that!

One of the most common substances used for combs these days is plastic and that word, you might like to know, comes from the Greek "plastikos" which means "able to be molded."

SOMETHING WE THINK of as being almost as American as the stars and stripes since, in a single day in the States, 500 million cups of it are consumed, is not really American at all. We've simply adopted the dark, often bitter, most times hot, occasionally iced beverage as our national eye-opener and put away 8.1 pounds of it per person per year.

Even the word is imported and comes from the Italian "caffè", which in turn, came from the Arabic "qahwah" meaning "a drink made from berries."

And modern technology has made it possible for the stuff to be brewed and ready for you to pour the minute the alarm sounds. Or you can wander to the microwave and, like the average owner of one, will use it most often to boil water for coffee than for anything else.

But, betcha didn't know it takes the annual harvest of an entire tree for a single pound of ground coffee. Or that some experts estimate that coffee is second only to petroleum as the world's largest item of international commerce.

And, one of these years if you'd care to keep track, you can find out if YOU are an average American since "that person" is said to put away 560 cups of coffee each year.

MORE ABOUT THE CANCER PERSON

This week's list of "Cancer celebrities" starts off with someone who babysat many of our children just a "few" years back — Bob (Capt. Kangaroo) Keeshan who chalked up his 55th birthday June 27. "Saturday Night Live's" funny lady, Gilda Radner, crossed off another year the following day and Slim Pickens put notch number 63 in his belt on the 29th.

Today that incredibly unlined, ageless Lena Horne, will have 65 years to look back on as she makes a wish over her birthday cake.

The first of July was a busy day for the ol' stilted bird who, 30 years ago, left Dan Aykroyd off in Ottawa, Ont. Ten years before he'd been busy delivering Karen Black in Park Ridge, Ill. and then winging in to Montreal, Que. to present Genevieve Bujold. Two other foreign trips found him responsible for Olivia de Havilland in Tokyo 66 years ago and Leslie (Gigi) Caron in Boulogne, France 51 years ago. July 1 also belongs to Jamie Farr and Farley Granger who were 46 and 57, respectively.

And come July 2 Polly (Flo) Holliday will be trying to forget she's 45 and Dan Rowan will probably hate to admit he's 60.

And what do those well-knowns have in common with all the rest of you Cancer people? Well — to begin with, the fact that love means everything to them and without it they're miserable trying to make the best of things. Most likely, their greatest fear is growing old with no one to love them.

They are highly emotional and often allow sentiment to dominate romantic experiences. It's highly likely, therefore, that they've suffered some bitter disappointments because of their relentless subjectivity. As a defense against their tremendous vulnerability, they often appear cool, aloof and noncaring; a defense against being hurt too many times.

Money is important to the Cancer-born — a security blanket when everything else in their life seems unsettled. They are shrewd enough to be financial wizards and are the kind of people most likely to get rich quick. However, since natives born in this sign are pleasure-loving people, they don't hold back spending money on what makes them happy (although they may haggle with the local butcher over the price of steak.) They know how to put their mind where their money is and always come out making more.

Friends are an important part of their lives and they live in service to them; friends but not relatives. They, in turn, expect those people to be there when needed. They often have a hard time asking for what they want and expect the important ones in their lives to know their desires intuitively.

Cancer women have a tendency to be intimidating, though, and often transfer their feelings of guilt to others rather than face the fact they made a wrong move or decision. They have a way of hurting and ignoring those who've been most kind, generous and understanding to them over the years.

Emotions are the Cancer's stumbling block and this can menace their health. Repressed anger, grudges and painful remembrances are often reflected in serious mental and emotional syndromes. Gastrointestinal disorders are often the result of severe anxiety, depression and emotional obsession and compulsive eating and escape oriented drinking go hand-in-hand with this problem.

Watch for further pros and cons on the sign of the crab next week.

WORDS...WORDS...WORDS...

Because golfers have so many, many "other" things to think about (keeping their heads down, following through, keeping the ball in the fairway), they've probably rarely, if every, wondered about a familiar golf-related word, "caddy." Where the word "caddy" came from.

The word with two spellings (also "caddie"), surprisingly has two meanings (1) a person hired to carry a player's clubs, find lost balls, etc. (for the lay person) (2) an individual who manages to heckle the golfer into doing everything wrong and gets paid for it (for the duffer.)

But the origin of the word — what about that? According to the Morris Dictionary, golf caddies were originally "cadets". The word caddie has been used in Scotland for centuries to mean an errand boy, so it was entirely logical that it be used to designate the boy who carries the clubs, watches the ball and, generally speaking, runs errands for the golfers.

The word was introduced into Scotland by Frenchborn, golf-playing Mary, Queen of Scots. Her "cadets" were no errand boys, however, but noble-born pages.

THE BOTTOM LINE: It's good sportsmanship to not pick up lost golf balls while they are still rolling.

In the community

Old Car Festival takes pair to Lancaster

In early June, Kenneth and Blanche Mericle drove their 1952 Henry J. Kaiser to Lancaster, Pa. where they attended the Lancaster Old Car Club, Inc., Spring Festival and 25th anniversary of the club at Fairfield County Fairgrounds, being among the 500 registered participants. Blanche received the second cash award for the club entering the most cars.

The Mericles were also among the 1500 members of 64 various car clubs who displayed their antique, classic or special-interest automobiles at the 19th annual Carnival of Cars sponsored by the Michigan Region CCC of America at the Ford test track at Utica June 13.

Mr. and Mrs. Lloyd Riggs and the latter's sister, Miss Florence Renton, were in Howell recently to attend a party for their nephew, Tod Renton, a Howell High graduate, at the home of his parents, the Irvine Rentons.

Recent luncheon guests of Mrs. Henry Deering were cousins, Mrs. Phyllis Glenn of Howell and her sister Mrs. Joyce Deutsch of Denver, Col.

Mr. and Mrs. James Goble enjoyed dinner with members of their family on Fathers' Day. Present were Warren and Dolores Hale and Alan, James and Claudia Hale with Kimberly and James, all of Milan, and grand daughter, Dawn of Belleville. An outdoor picnic had been planned but the weather didn't co-operate.

Word has been received here of the death of a one-time Savage Road resident, Elmer Lightfoot of Williamston, who passed away suddenly while attending a

church convention in Albion, June 10. Funeral services were held in Williamston June 16. He was a teacher at Michigan State University at East Lansing and Head of the Future Farmers of Michigan.

Recent guests of Mr. and Mrs. A.A. Wall were relatives, Mrs. Grace Horner Parker of Howell and her sister, Mrs. Margaret Gilbert of Escanaba.

Gary Kleeman of Wurtzburg, Germany arrived in the States recently and will be spending some time with his relatives, the Lloyd Riggs family, while attending summer classes at Michigan State University.

One-time Belleville area residents, Mr. and Mrs. Bert Hubbard of Tucson, Ariz., were recent callers at the home of Mr. and Mrs. Max Richards.

Stacy Compton, daughter of the Glenn Comptons, was guest of honor at a family dinner June 21 in celebration of her 10th birthday. Her most prized gift was a new bicycle which she rode in the Strawberry Festival race and with which she won fourth place.

After having attended a seminar at WMU Kalamazoo, Paula Dolph of Chicago spent the weekend with her parents, the Albert Dolphs of Edgar Street. Others present for a special fish dinner celebration Fathers' Day were the Jerry Dolph family of West Huron River Drive and Mr. and Mrs. Jack Butler from Milan.

Mr. and Mrs. John Prentice of Southfield were Sunday guests of Mr. and Mrs. Russell Seaman of Savage Road.

Mr. and Mrs. Robert

Members of the Fred Warblow family gathered at their home on Van Born Road June 20 to help their father celebrate "his" day. Present were son, Robert and wife Cindi of Grand Rapids; daughter, Pam of Canton and friend, Tom Higgins of Belleville, and daughter, Joy, and Kevin O'Keefe of Canton. Others present were his mother, Mrs. Catherine Warblow of Denton; Albert Day and Mr. and Mrs. Max Richards.

Velma Kulzer and sister, Betty Parkinson, were recent callers on cousins, Mrs. Vernon Bird and family at Williamston. On Thursday they called on another cousin, Mrs. Frances Bird of Milan.

Mrs. Harold Klaiss of River Rouge spent the weekend with her friend, Mrs. Clayton Saunders of Liberty Street.

Father's Day guests at the Harold Clayton home were the Richard and Binder family of Petersburg and the Hugh Muncie family of Brighton. Mrs. Henry (Dorris) Clayton and daughter, Linda, also were present.

Grandsons, David and Craig Robson of Torrance, Calif., and Don Zimmer Jr. of Charlotte, are enjoying a visit with their grandparents, Mr. and Mrs. George Robson of Tyler Road.

Mr. and Mrs. Clinton Baehr recently attended a graduation party at the home of Mrs. Baehr's nephew and wife, Mr. and Mrs. Ronald Adiska of Pinckney, honoring their son, Jeffrey, a Pinckney High School graduate.

Mr. and Mrs. Robert

Heiser, former Belleville residents, of Lake Como, Fla., called Monday at the Kenneth Mericle home on Denton Road.

Sherre Vunich

Jacobs of Victorville, Cal., was among those returning to Michigan for the Belleville High School class of 1957's 25th reunion at the Livonia Holiday Inn. She was accompanied

by her father, George Vunich, with whom she visited friends and relatives including the Andrew Patrinas and their daughter, Rosemary Hines, all of Ypsilanti.

August altar date set

A summer wedding is being planned by Susan A. Koski of Newport and Jack D. Westbrooks of Willis. Their engagement and August 14 altar date are announced by Edward and Jean Koski of 44940 Bemis Rd., Belleville, parents of the bride-elect.

Miss Koski graduated cum laude in 1980 from Western Michigan University where she earned a bachelor of science degree in occupational therapy and is currently working as an O.T. at Occupational Therapy Services, Inc. in Toledo, O.

The son of Leo and Geraldine James of 9031 Meridian St., Willis, the future bridegroom is a field service engineer with Digital Equipment Corporation of Warren. He is also a member of the Michigan National Guard, Public Affairs Detachment.

MISS KOSKI

Send us your bridal information

Want to share that "special day" with those who are unable to be present in person for your wedding ceremony? We'll write the details of your wedding in story form for you—and at no charge—if you'll simply follow a few guidelines.

The Belleville Enterprise and The Romulus Roman offer bridal questionnaires for you to fill out as well as engagement forms for announcing the "start of it all." These forms include all the pertinent questions involved with your marriage or betrothal.

Forms may be picked up at our office, 116 Fourth St., Belleville, anytime during the week between the hours of 9 a.m. and 4:30 p.m. We will also mail forms if a telephone request is made. Call Lee Smith, Suburban Living Editor, at 697-9191.

BPW sets summer picnic

The Belleville Business and Professional Women's Club (BPW) will hold its July 6 meeting at the home of Ann O'Beay Pavelka at 11705 Beckley Road.

The 6:30 p.m. gathering will be a summer picnic and guests and prospective members are welcome. For further information, call 697-7292.

Local residents helped raise nearly \$1,000 for the Western Wayne Association for Retarded Citizens. Marilyn Nickol, of New Boston (at right) who serves as the President of the Dearborn Study Club, presented the check from her organization recently to the recipients. Pictured above with Mrs. Nickol are Mike Mushett,

coach for the Tri-City Therapeutic Recreation whose basketball team has earned national recognition in the wheelchair league; Marjorie Mitchell, President of the Western Wayne Association for Retarded Citizens and Helen Brandi, Dearborn A.R.C.

Romulus Historical Society obtain 122 year old map

The Romulus Historical Society has added a "gem" to its history section. A Wayne County map, dated 1860 which indicates the name of each landowner, has been donated to the society.

"This map is valuable tool for anyone doing genealogical research or local history studies," said Pearl Varner, vice president of the society. "The map is divided into townships, so finding Romulus is not difficult."

The border of the map has artistic drawings and additional information about the county. It has some signs of wear but considering it is 122 years old it looks well preserved.

The Romulus Historical Society has had the map deacidified to prevent any further decay by acid in the environment. The map has also been professionally framed by Devonshire Framing, Pleasant Ridge. The company primarily does historic type framing with unert materials and special care. Due to the fact that this map is approximately 5 feet by 5 feet it was a sizeable job to frame.

The map was secured for the society by Mayor

Romulus Hilton stages 'Fabulous fashion show'

Friday, July 9th, marks the kick off of the Fabulous Friday Fashion Shows at the Hilton Airport Inn.

"If you're looking for some excitement, some fun and some great fashions, the Hilton is the place to be," noted Marlene Asselin, show coordinator at the Hilton. "We'll be showing a full line of exciting sportswear and swimsuits with many items priced under \$40. There's a discount for purchases made at the show too, so you can have fun and save money at the same time."

The fashion show runs from 6 p.m. - 7:15 p.m. during the Hilton's 4-8 p.m. Happy Hour. Drinks are two-for-one, and free unique hors d'oeuvres will be offered.

Live background music will be featured. In addition, each week a different local firm will be spotlighted, and there will be a drawing for a special gift. Local companies or groups interested in being the Hilton's "featured firm" should contact the hotel.

The Hilton Airport Inn is located on Wick Road just across I-94 from Detroit Metropolitan Airport. The Hilton is a recipient of the prestigious AAA Four Diamond Award for excellence in accommodations and operations.

Police continue hunt for hit-run driver

Charles Luper, 14, of Canton Township was struck and killed by a hit-and-run driver near his home on Monday, June 21.

The victim and a friend had ridden bicycles to a local market to purchase fireworks, according to police reports of the incident, and were on their way home riding westbound on Van Born Road toward Sheldon when Luper's companion noticed a car heading directly for them.

According to police accounts of the incident, the boy riding behind called out a warning to Luper regarding the oncoming vehicle, but apparently traffic noise drowned out his shouts. The approaching auto swerved, narrowly missing the first cyclist but striking Luper and catapulting his body more than 100 feet. The car continued, without slowing or stopping, according to the eyewitness account.

Canton Township Fire Department rescue workers responded at the scene at 9:58 p.m. and transported the young victim to Wayne County General Hospital where he was pronounced dead on arrival, due to head injuries.

Lt. Gary Holloway, acting Van Born Township Chief of Police, explained that pieces of an auto were discovered by investigators at the scene and that police are searching

for an older model Maverick, possibly a gold color. The vehicle would have sustained damage to the front end, probably, but not necessarily, to the right side of the auto, Holloway said.

He explained that Luper's companion, the only witness at the scene, was in shock when initially interviewed by investigating officers and unsure to the description of the vehicle in question. "He's understandably having some difficulty in remembering," Holloway noted.

Luper's bicycle remains in custody of the police, along with other physical evidence gathered at the scene during what Holloway described as an "intensive investigation."

"We're really going to need help from the public on this one," Holloway explained. "Anyone who may know anything that could help us should phone 699-2003," he urged.

Charles, who would have been 15 on July 12, is survived by his parents, John and Faye Luper, sisters Tammy, 11½, and Nina, 6, a brother, Johnnie, 2, and grandparents Charles and Irene Saavedra and Johnnie and Esther Luper.

A recent graduate of Stevenson Junior High School in Westland, funeral services for the teen will be at 11 a.m. tomorrow (June 25) at Lents Funeral Home Inc., Wayne, with Pastor Robert Diekma of Grace Baptist Church, Canton Township, officiating. Interment will be at Cadillac Memorial Gardens West in Westland.

Views On Dental Health

By **PHILIP MEIZELS, D.D.S.**

PRETTIER SMILE FROM "BONDING"

One of the most exciting revolutions in cosmetic dentistry is the use of composite materials that can be molded onto your teeth to change their shape, fill spaces, and result in the smile you've always wanted.

The dentist can now close spaces between teeth (the Terry Thomas syndrome), cover discolored teeth, making them lighter and more attractive. He can rebuild and reshape disfigured or chipped teeth, often making crowning unnecessary. He can fill in eroded areas; lengthen front teeth that have worn down; and hide gold or amalgam fillings that show when a person smiles. It is also possible

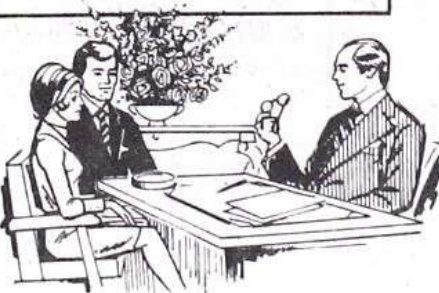

to bond tooth-colored plastic facings onto natural teeth, to cover badly stained or discolored teeth. And this can be done almost invariably without drilling and in one office visit.

An acid-etching prepares the tooth surface, the composite is placed on and shaped into the desired appearance and hardens when activated by ultraviolet light. This is today's answer for those who have long been unhappy with the appearance of their smile.

* * *

A public service to promote better dental health. From the office of PHILIP MEIZELS, D.D.S., 9840 Hogarty Rd., Belleville, Phone 697-4400.

History-minded

The acquisition by the Romulus Historical Society of a 122-year-old map will enable history buffs to learn and trace early landowners in Romulus' and the county dating back to before the Civil War. Local historians and residents who helped to find and preserve the map included Helen Hay (front row, from left), Pearl Morris - members of the Romulus Historical Society - and Mayor William M. Oakley; in the second row are Frederick W. Hay, Rev. Alvin Burton, Nell Sheppard, Pearl Varner and Kenneth Krueger. Not available at the time of the photo are Bennett and Genevieve Dugan. The map will be on display in the City Hall.

County map traces history

(Continued from Page C-3)

The next monthly meeting of the Romulus Historical Society will be July 21.

A slide presentation will be given by Linda Patrias, the official photographer. It will be on past activities of the group. The meeting begins at 7 p.m. at the Romulus Public Library.

Rosebud for Pam

Showing off her lamb that will be featured at the upcoming Belleville County Fair is Pam Zoller whose livestock sponsor, Ted Smolinski, of Belleville, loaned the young 4-H Club member the money to make the initial investment.

Auto Club expects another busy 4th of July weekend

Memorial Day weekend travel that defied the downward pull of Michigan's economy and expected strong Fourth of July activity should help push state tourism above last summer's \$1.4 billion spending level, according to the Automobile Club of Michigan.

"Projected traffic counts, requests for travel information and advanced campground and lodging reservations indicate heavy tourism activity during the 78-hour July 4th weekend," stated Auto Club's Travel Operations Manager James Drury. "July 4th is traditionally Michigan's busiest summer weekend."

The Michigan Department of Transportation expects motorists to travel 725 million miles in Michigan during the holiday, which is equal to last year's total. A record 870 million miles was traveled during the 102-hour, 1972 July 4th period.

This year's holiday officially runs from 6 a.m. Friday (July 2) to midnight Monday (July 5).

Officials of the state's four major tourist associations believe that interest generated by the "Say Yes to Michigan" campaign and through regional advertising should help propel the state to a 5 percent tourism spending increase over last summer.

Sixty-five of the 72 state park campgrounds may fill during the July 4th weekend. Of 54 Lower Peninsula state campgrounds, only Hoefft, near Rogers City, is expecting vacancies throughout the holiday. Space also is expected throughout the period in the U.P. at Porcupine Mountain, Lake Gogebic, Fort Wilkins, Baraga, Muscallonge Lake and the Paradise Unit of Tahquamenon Falls.

Campers who arrive before Thursday evening should find space available at most state and private campgrounds.

Holiday no-lead gasoline prices average about 2 cents lower than last year. Supplies will be plentiful throughout the holiday. An average 91 percent of the stations will operate daylight hours during the holiday, 48 percent will be open after 9 p.m. and 15 percent will remain open past midnight.

Twenty-two persons died on Michigan roads during the 78-hour 1981 July 4th holiday.

Getting ready for County Fair

Pam's 'Rosebud' looks like winner

Wayne County Fair will be overflowing with market animals this year during the week of Aug. 9 - 14.

On Thursday, Aug. 12 at 6 p.m., one of those animals to be placed on the auction block will belong to Pamela Zoller of Belleville.

Pam, in her 10th year of 4-H is a member of the High Flyers 4-H Club. She has been club secretary, student council secretary at Belleville High School.

She is also a National Honor Society member, track manager, and the 1981 State Health award winner, representing Michigan at the National 4-H Congress in Chicago last November. She graduated this year from BHS and plans to attend MSU next fall.

Pam still finds time to pursue her interest in sheep and will be exhibiting Rosebud, her market lamb at the Fair.

Pam would like to take this opportunity to thank Mr. Ted Smolinski of Belleville for loaning her, interest free, the funds to purchase Rosebud this spring.

Smolinski will be paid back his loan after the lamb is sold at the Fair Auction. Pam hopes that he and many other local residents will come on out to the Fairgrounds at Quirk Road on that day to "shop around" for some good bargains.

CITY OF BELLEVILLE ORDINANCE NO. 82-217

NOTICE is hereby given that the Council of the City of Belleville has adopted a further amendment to Ordinance 65-86, as amended, entitled "City of Belleville Zoning Ordinance."

The amendment amended Section 2.20 of Article II. To Permit a Building Designed for Two (2) or More Families.

The effective date of the amendment will be July 1, 1982.

A copy of the ordinance amendment is available for purchase or inspection at the office of the City Clerk, 6 Main Street, Belleville, Michigan.

Agnes Frisch, City Clerk

SUMPTER TOWNSHIP BOARD MINUTES

MINUTES OF A REGULAR MEETING OF THE SUMPTER TOWNSHIP BOARD HELD ON JUNE 22, 1982

Supervisor Reeves opened the meeting at 8:00 P.M. with the pledge of allegiance to the flag. Roll Call Showing:

Present: Supervisor Reeves, Clerk Banotai, Deputy Treasurer Barrow and Trustees: Bevins, Huziak and Pokerswinski.

Absent: Treasurer Dwyer and Trustee Morgan.

Excused: Treasurer Dwyer and Trustee Morgan.

Also present: Engineer Wilhelm, Attorney Witthoff, Deputy Clerk Sienko and approximately 12 interested citizens.

Motion by Banotai, supported by Huziak, to approve agenda. Motion carried unanimously.

4. Open Floor Discussion

Dan Welch asked questions regarding the meeting with the Wayne County Planning Ordinance Sub-Committee. Also asked if City Sand & Landfill has submitted another application for Hazardous Waste and if so has DNR set a date for a meeting. Also requested to speak under Attorney's Report and Engineer's Report.

Arness Cox and Jim Easley asked to speak under New Business - Item B.

Mrs. V. Drake asked when the drain cleaning was to begin.

Floor discussion Closed.

5. Minutes

A. Motion by Banotai, supported by Pokerswinski, to approve the Regular Board Meeting Minutes of June 8, 1982 as published. Motion carried unanimously.

B. Motion by Bevins, supported by Banotai, to approve the Special Board Meeting Minutes of June 14, 1982 as presented. Motion carried unanimously.

6. Treasurer's Report - Dwyer

Motion by Huziak, supported by Bevins, to accept the Treasurer's Report for May 1982 as read. Motion carried unanimously.

7. Supervisor's Report - Reeves

Supervisor reported on the meeting he attended with Engineer Wilhelm this afternoon with the Wayne County Planning Ordinance Sub-Committee. Read the prepared statement to the citizens present that he read at the Wayne County Meeting. Engineer is to write a written report on the meeting and submit it to the Board. Mike Andrews of the Wayne County Health Department chaired the meeting. Those attending were three members of the Wayne County Planning Commission, two members of the Wayne County Health Department, one member of DNR, four landfill operators, one landfill operator engineer, Supervisor Reeves, Engineer Wilhelm and John Chihani from Huron Township. Pauline Quinley, Sumpter Township's representative to PCHA, reported on the proposed Nursing Homes that would be built and operated by PCHA.

Motion by Bevins, supported by Pokerswinski, to receive and file the resolutions received from four communities regarding the proposed Nursing Homes that would be built and operated by PCHA, for review before further action is taken. Motion carried unanimously.

Motion by Huziak, supported by Bevins, to accept Supervisor's Report. Motion carried unanimously.

8. Attorney's Report - Witthoff

Recommended the Board approve City Sand & Landfill's Township license with the legal description be limited to the South 80 acres of the landfill as the Township is not in agreement with the hill construction. Supervisor recommended to draw up a resolution to specify Solid Waste Only and to include only the South 80 acres.

Also reported on the lawsuit that was served on the Township by C. McClain. Will be responding to it.

Motion by Huziak, supported by Pokerswinski, to accept the Attorney's Report. Motion carried unanimously.

9. Engineer's Report - Wilhelm

Reported on three more investigations to drain problems in the Township and with no objection by the Township Board he will make arrangements to have them taken care of. No objection.

Dan Welch asked what was happening on the water main extension on Elwell and Karr Roads.

Motion by Bevins, supported by Huziak, to accept Engineer's Report. Motion carried unanimously.

10. Old Business - None.

11. New Business

A. Motion by Bevins, supported by Huziak, to approve the 1982-83 WMECN Budget. Motion carried unanimously.

B. A discussion was held with several citizens and the Board Members with regard to the over abundance of AFC Homes in Sumpter Township. Supervisor Reeves stated that he would proceed with the motion as made at the February 23, 1982 Board Meeting that states the Township would take legal action if necessary to prevent the over abundance of AFC Homes in Sumpter Township.

12. Warrants

Motion by Huziak, supported by Pokerswinski, to pay all warrants as monies becomes available. Motion carried unanimously.

13. Adjournment

Motion by Huziak, supported by Banotai, to adjourn. Meeting adjourned at 9:01 P.M.

Respectfully submitted,
Louis P. Banotai, Clerk

House Call

The Russians are coming

Editor's Note: Dr. Ernest Sorini is chief of Emergency Room Services at Annapolis Hospital in Wayne. He did his internship and residency at the University of Utah Medical Center and has been in emergency medicine for five years. If you have questions for Dr. Sorini contact him care of Associated Newspapers Inc., P.O. Box 578, Wayne, Michigan 48184.

By DR. ERNEST SORINI

The Russians are coming. They are coming up with an amazing new idea about the

birthing process. They believe that the way most babies are born nowadays — i.e. coming from the wet, dark warmth of the womb into the dry, light cold of the world is a very good way to end up with a bummed-out view of life (the Russian word for bummed out is Bumoutski).

What the Russians have done is to have babies born into a large vat of body temperature water in a dimly lit environment. They then gradually cool and de-submerge the baby while gradually occluding the blood supply through the umbilical cord.

This "hot tub" birthing is supposed to result in babies who are more like Dale Carnegie than James Cagney.

Well, now I realize why my ire rises whenever some jerk cuts me off on the freeway or in a theatre line!

What bugs me about these bozos is the fact that their parents were improvident enough not to have known that the proper way to be born is into a lukewarm tub of water in a dark room.

This is why their kids turn-out to be such jerks.

As for myself, my parents were enlightened — my father tried to drown me when I was born in a barrel of fermenting Italian wine — it was only through the insistence of my maternal grandfather that I would make a good main course for an Italian dinner that my father finally capitulated and pulled me out of the barrel, a blabbering blotto baby.

Little does the world know that Papa Sorini was the first researcher to try the so-called, "Russian birthing" method.

I just wanted to set the record straight.

Legal Aid

Heed this important warning

(EDITOR'S NOTE: Brian A. Walters is an Attorney at Law engaged in the general practice of law in Van Buren Township. He is a 1977 graduate of Oakland University and received his Juris Doctorate from Detroit College of Law in 1980. While attending law school he clerked for the Chief Judge of the 14th District Court and worked for the Consumer Protection Agency of Wayne County. If you have legal questions, please write Mr. Walters in care of Associated Newspapers, Inc., 35540 Michigan Ave., Wayne, Michigan. His column will appear weekly in the ANP editions.)

Last week I explained the possible penalties for the traffic offense of operating under the influence of intoxicating liquor (O.V.I.L.).

Today, I will explain them for the lesser included offense of operating a vehicle after impairment of ability due to consumption of intoxicating liquor (O.V.I.). A person charged with

O.V.I.L. may be found guilty of the lesser charge O.V.I. instead.

A person convicted of violating the O.V.I. statute is guilty of a misdemeanor, may be punished by imprisonment for not more than 90 days, or a fine of not more than \$300 or both plus costs of the prosecution.

On a second and subsequent conviction; the person is guilty of

a misdemeanor, punishable by imprisonment for not more than one year, or a fine of not more than \$1000.00 or both.

In addition to the above, such person will receive 4 points on their driving record.

Play it safe, do not drink and drive. The two do not mix and can only get you into trouble. Sooner or later you will be caught.

Ebony low bidders

State Rep. Edward E. Mahalak (D-Romulus) announced today that Ebony Contractors, Inc., Ypsilanti, was the low bidder on a project dealing with the construction of two paved crossovers on US-12 Business Route (Michigan Avenue) at Rawsonville Road and just east of Rawsonville Road, in Ypsilanti and Van Buren Townships.

Bids for the project were solicited by the Michigan Department of Transportation on June 16 in Lansing.

Pending approval of the \$20,910 bid by the Transportation Commission and the Administrative Board, completion date is set for September, 1982.

Dugan honored at CMU

Robert Dugan of Romulus was inducted into Sigma Iota Epsilon, a scholastic business administration and management honor society, at Central Michigan University.

Dugan was one of 379 students honored for outstanding scholastic achievement while enrolled in the CMU business administration curriculum.

VAN BUREN TOWNSHIP BOARD SPECIAL MINUTES

Special board meeting, June 19, 1982.

Meeting called to order by Supervisor Cullin with the pledge of allegiance at 1:30 P.M. Roll Call: Present: Cullin, Craven, Wojcie, Kireth, Toohey and Jahr. Absent: Welty. Also present: Secretary Dudick and Sarah Mortillan of the Ypsilanti press. No one was in the audience. Motion Kureth, support Toohey to approve the agenda as presented, CARRIED. Interviews were held with the top candidates for Chief of Police: Marvin A. Snider, Theodore E. Glynn, Donald Zettlemoyer, and Leonard P. Keller. Questions and responses were as follows:

Question #1. Describe your perception of Van Buren Township as a community.

Snider: 36 square miles, bright future development, three school districts, a volunteer fire department and looking for a new chief of police.

Glynn: Good potential, high growth rate when economy recovers. He would like to get in on the ground floor, sees a good future here. Has some information regarding present problems from newspapers.

Zettlemoyer: Lots of potential for growth. Would like to build a progressive part-time police department. Sees this type of service as an experiment.

Keller: Van Buren is in a transitional period. Withdrawal of the Wayne County Sheriffs, creations of 24 hour service with part-time officers, 36 square miles, approximately 21,000 people, high growth potential. Good location between Ann Arbor and Detroit. He had just arrived last night but did take a ride around the area.

Question #2. What is your philosophy of the proper working relationships between a Board, Supervisor and Police Chief?

Snider: Seeks end product of harmonious "Open Door" Policy. Board has pulse of community. Door should swing both ways.

Glynn: Desires a close relationship, depending on the wishes of the person in command. Doesn't presently understand the particulars regarding the chain of command. Would not want to report on a daily basis to more than one entity. It should be the Board or the Supervisor depending upon the guidelines as set. One he reports to could request he go before the Board and he has no problems with that, he does not believe in breaking the chain of command.

Zettlemoyer: Chief is accountable to Supervisor or Board as directed. Desires supportive direction and feed back from the Board. Doesn't know present reporting structure, Supervisor or Trustees?

Keller: Joint, constant working relationship cooperating to respond to the needs of the community. He needs clarification of constitutional differences between Ohio and Michigan.

Question #3. Can a member of the Board of Trustees have free access to you.

Snider: Sees no problem with free access. Police problems can be identified to him from the trustees. Doesn't know chain of command, imperative to know this as quickly as possible.

Glynn: Free access to the Chief is up to the "Head" of the Chain of Command. If the Board agrees to open access for all he has no problem with it, but he would not cut out the top person in the chain to whom he is accountable. Trustees as citizens or with direction from top person is acceptable. Without permission or outside of Chain of Command is no good.

Zettlemoyer: Free access to all seven is no problem. Seven people are not that many. Would like close connection, and an open door policy. Would help to get source of problems and identify solutions.

Keller: All seven must come up with something specific in this area. A chain of command is critical. Would always accept "input" Believes Politics and Law Enforcement do not mix. Board and Chief must deal with and maintain a positive position.

Question #4. You feel strong that a particular program that you have identified and designed should be implemented — what steps would you take to get Board approval?

Snider: Critical to show need, fiscal responsibility and desirability of end product. Hope the Board would accept. Board has final say. Would not go to the public or press, not break chain of command.

Glynn: Research options, get pros and cons, present to head of the chain of command, get his/her support, then together present to the Board. Would not go public or press route, doesn't feel that he would hold a job long with that tactic. Believes elected officials govern township. After all facts and his strong support if there were still resistance, he would pull back, maybe reshape and bring back at later date.

Zettlemoyer: Has done this in the past with narcotics program. Present facts, sell program, if can't sell, question program. Press and public not appropriate, creates divisiveness, bad feelings and could damage on-going programs. Would retract and swallow pride, maybe program lacks merit.

Keller: Has previous experience with this, hopefully he would have developed a rapport with the Board and would know policy. "No surprises at public meetings." All such requests would be in writing with full details. Point out beneficial results, have open discussion, create joint cooperation, if not, back off and try for a plausible substitute. Never use press or public on an "in house" problem. Does not want to alienate the position of police department.

Question #5. What attributes, skills and general personal characteristics do you have that would make you a most valued Chief of Police for Van Buren Township?

Snider: Doesn't like to blow his own horn. Self starter, motivated, can implement new programs. Can work within fiscal resources and time limits. He lives to work, lack of work is only problem to him, gives own time over and above normal work week.

Glynn: Twelve years experience, three different departments gives him a wider perspective. Would not try to duplicate other departments here, take best plans and institute them. Committed to law enforcement. Dedicated, fair but firm, advocate of the law, flexible in different situations and tries to use most effective methods. Would always be available by radio.

Zettlemoyer: Could bring a balance to department, familiar with both small and large communities. Self starter, innovative, grant writing experience. Supervisory and management experience. Innovative in funding and finding methods of funding. Would not expect an 8-5 day. Would be available and flexible.

Keller: Diversified, B.A. Degree, 2 years Army, 5 years experience as Fireman, Lt. in Detective Bureau, 4 years administrator of Police Dept. Common sense. Workaholic, till job is completed. Awareness of public service needs.

Question #6. Why do you want to be Chief of Van Buren Police?

Snider: Personal growth. Two things he's always wanted to do, be a marine and a cop. Has been a marine, this is the next step in his process. Looking forward to it. Residency is a problem, would put home up for sale immediately but would need a period of time to sell, maybe 1 to 1½ years. Needs flexibility for home market. Request time to plan, believes Chief needs to live in community.

Glynn: Good size community, more territory, get back to Metro area. Good area between Ann Arbor and Detroit yet still rural. Wife is musician, move would make her happy, could pursue her interests. Really would like to start. Could move in fairly soon.

Zettlemoyer: Back in Detroit area. Hometown would like to innovate programs here, deliver service and be part of it. Residence no problem, available three weeks, personal matters to settle.

Keller: Present department at maximum. Van Buren a challenging opportunity to properly build a reputable department. Would be 2½ hours closer to children living in Lansing. Present department was built from the same base.

Question #7. What one most desired accomplishment would you like to complete during your first year at Van Buren?

Snider: Would not need a pat on the back. One year down the road would like to see a total change in the Police Department environment and the township protected against civil liability. Van Buren should be a nicer place to live. If the Board is impressed with my performance it will carry over to the community. Looking forward to becoming involved in the community organizations. Not politics.

Glynn: Everyone working together as a team. Factions are not good. I will feel comfortable in approximately 6 months by removing initial hostility, gaining trust and building on that. Can gain respect of men by their seeing my expertise and actions. Advocate managements viewpoints plus make everyone aware of the officers viewpoint.

Zettlemoyer: Accomplish the selling of the part-time full service Police Department both in and out of the community. Biggest challenge is to create confidence in this concept of police protection.

Keller: Put full service Police Department on the road, including investigative services. Instill pride in the men and pride in the community for the officers.

Question #8. Press Policy

Snider: Open door policy, regular press releases, based on Freedom of Information Act. Not include "Invasion of Privacy."

Glynn: All press releases at same time. (No Scoops) Daily releases? himself or dispatcher under set guidelines. Not officers? Weekly type up of activity include crime prevention tips. Effective tool for citizens to know we earn our money. All within Freedom of Information Act guidelines some information is limited.

Zettlemoyer: Very few "Not need to know" occasions. Open with press. No releases on juveniles or ongoing investigations. No Scoops.

Keller: Reports open to press. Will be available to respond to questions. No "Internal" affairs. Not use press to counter trustees decisions. No Scoops don't play favorites press releases in writing.

Question #9. Do you consider police millage request political? Would you coach for a millage?

Snider: Doesn't know if he favors a millage. Would not actively work for considers it a Hot Seat.

Glynn: Not political. Yes, could take active part as an advocate of the department. Adequate funding is always an aid with a permanent department.

Zettlemoyer: Political only in sense that it is on ballot. Would actively participate, no problem with campaigning for it, would solicit help from local business. (This area not exploited positive sense in this area).

Keller: He considers it more a necessity than political. Has been involved in past, became very active. Good public relations by Chief, he has to be involved. (Growth of department stymied if funding is not pursued).

Question #10. Union: Experience with? How handle?

Snider: Comfortable with Union. I won't tell them how to run their union if they don't tell me how to run the police department.

Glynn: Prefers union shop within reason. Helps to know procedures, would provide input into contract.

Zettlemoyer: No problems if used correctly. Grievances procedure is a good management tool, used in positive sense, depending upon the attitude of union.

Keller: Never worked with a union. Desire to reach a mutual understanding with them. Feels obligation to patrolmen, the chief should be "with" them. If involved in negotiations he would try to strike a happy medium.

Question #11. Your feeling of the relationship between Police department and Fire department?

Snider: Good working relationship between departments is necessary. Would work hand in hand with firemen (firemen generally, do not want to be police officers—sometimes problem is police officers want to be firemen). Specific duties need to be outlined for each department. Saving lives and property is a common goal, emergency situations are no time for disputes. Has never seen conflicts between departments should always help each other.

Glynn: Doesn't have a great deal of experience with fire department. Would accept contract stipulation that he attend classes for associates degree in fire service. Believes in Police & Fire cooperation concept.

Zettlemoyer: Necessary for immediate notification to police of fire runs for assistance and traffic control from officers.

Keller: Fire and Police department goals should be parallel, common goals to protect life and property. Would have a policy to send one car to every fire. It reduces response time which can be critical. Police cruiser on scene, with identifiable marker, provide necessary service to firemen. Has handled recalcitrant type fire chiefs and developed a good relationship.

GENERAL QUESTIONS & COMMENTS

Snider: 1. Now lives 12 minutes from here, with flashers could be on scene in one half that time. Would be a "working chief," expect to be in car, see men on duty, a leader and an administrator. Flexible in working extra hours.

2. Q. Given a conflict situation with other officers—
A. Autocratic, expects blind obedience in emergency situation, time not emergency allowable he would discuss situation.
Q. Officer still says "no"
A. He would be sent home.

GENERAL QUESTIONS & COMMENTS

Snider: 3. Strong desire to be Police Chief, sincere, ready for it, happy with situation and geography of area.

4. I can live with an "I don't like you" attitude. If it becomes excessive, I can deal with it.

Glynn: 1. Should we decide to select him he requested of Board if it would be possible to arrange to spend 2 days here to talk to the officers individually and in a group to ascertain if he can give what we need before he accepts.

2. Needs a couple of weeks notice could be ready mid July. He would be leaving with good feeling in his present department.

Zettlemoyer: 1. Age 34, wife, 2 children, daughter 11, son 5.

2. Question to Board: What type of Chief are you looking for? Supervisor Cullin answered: Innovative, adaptable to part-time Police department concept, strong enough to handle and correct problems; decisive and confident.

3. Q. How would you handle a subordinate that has a "Better way to do things"
A. If it is a better way no problem, not autocratic, puts trust in those under him. "If you have to tell everyone, everything, all the time you have a 24-hour a day job."

4. Initially, will be in uniform majority of time, identifiable, later on, maybe less stress on uniform.

Keller: 1. A full service police department utilizing part-time officers can be done with a sound financial base, and sound training of men. Should a full-time department become feasible you would be ready with trained and equipped men.

2. Q. Trouble with subordinates—
A. Understands feelings of resentment. If properly approached they could be turned around. Not immediate, take time to build trust. Believes in Huberman plan: discipline without punishment. Open discussion of problems. If conditions spreads to other officers then drastic action would result, after consulting with Board members.

3. Work day based on needs 50hrs to 60 hrs or as much as 90 hrs per week if necessary. It is his desire to be #1 administrator #2 On the road #3 Investigations. He would be available at night in uniform 90% of the time.

4. Professionalism is a key goal look sharp, and perform with pride. Would like to change car markings and uniforms. Present whole "new" image of "new" department to public.

5. Would be available mid July.

Supervisor Cullin thanked each person after their interview and stated that Bartell & Bartell would be contacting them within approximately 2 weeks.

Motion Wojcie support Craven to adjourn meeting. Carried Meeting adjourned at 3:55 P.M.

Manny goes to Saginaw

Welcoming New Boston Huron grid and wrestling star to Saginaw Valley is SVSC president Dr. Joack M. Ryder (at left) who has a happy coach Karl Briggs (at right) alongside of him during

the ceremonies. Manny has been instrumental in forging New Boston Huron's wrestling team as one of the best in Michigan. He hopes to help do the same for the Cardinals.

Huron grappler signs with Saginaw

Randy Manny, a New Boston Huron High School senior, has signed the national letter of intent to wrestle for Saginaw Valley State College this fall. The 6-1, 185-pound was on campus this past weekend participating in the annual freshman recruit day activities. "Randy is one of our newcomers and can help add a lot of depth to next year's squad," said Cardinals'

head coach Karl Briggs. "I think we had an excellent recruiting year. This marks the first year that wrestling signees have participated in recruit day activities with incoming football players. "It's a good way to get to know parents," Briggs commented. "I hope my wrestling recruits can be a part of this event in the future."

Thomas qualifies for world tourney

Joe Thomas, a Class A men's softball team out of Westland, qualified for the World Softball Tournament by placing second at the Mt. Pleasant qualifying tournament staged over the weekend.

Thomas dropped a close 6-4 decision in the finals to Hadley Homes to wind up as the "bridesmaid".

The World Tournament is scheduled to be played over the Labor Day weekend in Fort Wayne, Indiana.

In the qualifying tournament, Thomas defeated Delar of Lansing 10-2, then lost a 17-12 thriller to Mt. Pleasant Merchants before coming back to defeat Dunbar of Detroit, 12-6; Pete Anns of Dearborn, 12-4, K & S Appalo of Roseville, 7-2 and Oz of Bad Axe, 10-7.

Thomas also turned back Mt. Pleasant, 183, in the rematch and went on to beat Wizard of Flint, 7-0, and Century Heating of Bay City 7-5 before losing the title to the eventual champ, Hadley.

Romulus 'A' leader survives a scare

Upset-minded Terry's Lounge erupted for six runs in the first inning but couldn't hang on as undefeated G.O.C. roared back to win a cliffhanger 16-15 to remain perfect in the Romulus Open AAA men's softball league.

The victory enabled G.O.C. to remain atop of the standings with Bingamen Agency which also has an untarnished 5-0 mark.

G.O.C. staged a 9-run last inning rally to overcome the pesky Terry Loungemen who at one span in the game enjoyed a 10-4 margin.

G.O.C. banged out 19 hits, including a roundtripper by Paul Gapa

who drove in three runs with two hits. Mates J. O'Connor chipped in with three singles, while Bob Sikora and George Bergum each accounted for two.

Winning pitcher Don Erickson served up a pair of homers to Melvin Allen, one a grand slam. Mike Delarosa had four hits, including a double, while Frank Gnas laced two singles for the losers who used two pitchers, John Haley and Bob Eves, in their second loss against three victories on the season.

Bingamen buried winless Federal Mogul 18-3 as the unbeaten co-leader drilled 21 hits to support the

13-hit pitching by winner Tillery. Tillery helped his own cause with a single, double and homers, chasing home three runs.

Tom Oardeal also slammed a pair of roundtrippers and a single, good for 4 RBIs, while Charney also had a single, double and homer for the winners. Loser Dave Cooper latched on to two singles while teammates Don Hall and George Gegure collected three and two safeties, respectively.

In the only other Class A Open League matchup, Drake's Lounge dumped Super-Y-Market 23-2 as willing hurler Staples scattered six

hits. Two of those went to Joe Fowler, while Smith and Larosia split a pair of singles.

Sam Hodges drilled three singles and Tom Johnson blasted a homer, double and two singles while driving in five runs. Rick Boswich contributed four hits and 4 RBIs for the winners.

In the meantime, N.A.P.A. continued to set the pace in the men's Sunday League. The league-leaders stretched their wining streak to five games at the expense of Crova/Bailey (1-4), 16-0 as Bob Poet turned in with a three hitter.

Wisner, Brown and Ondjanko each had singles for the losers.

Chuck Ramshield received ample hitting support from his teammates as Sontag tagged one over-the-fence for a homer and also checked in with a pair of doubles. Randy Hall, Tom Kiloff and Zowski each had three hits for the winners.

The Human Beings remained a game-out-of-first with an impressive 14-7 victory over United Brass. Brass got to winner Don Lalonde for 15 hits, including a triple and single by Meyers and three hits by Eddings.

Loser Keith McArthur gaye up a total of 22 hits, including two doubles to Don McMann and a double and triple to Alan Rafalski. Billy McBride collected three hits, including a triple, while Mike Kelly sliced three hits.

Walter's Home Appliance struck for one run in the bottom of the sixth and held on to win a narrow 4-3 victory over Federal Mogul in one of the better defensive duels of the season. Wayne Miller was credited with the victory, and he aided his cause with a pair of hits, one leading to a run. Teammates Bondy and Kyle Haveronick also checked in with a pair of hits.

Barry Hinzman missed hitting for the cycle when he failed to homer, but his three hits paved the way for two of the loser's three runs. Dennis Wessells and Harold Baker each had two safeties.

Outhit 28-20, Heublein, Inc. still managed to snap a 4-game losing streak at the expense of Solar Machine, 14-9. Winning hurler Jab-rech received some key hitting from Treppon, Rick McBride and Alex Gross who drove in five of their team's 14 runs.

Chuck Bodenberg cracked three hits for the losers. Roberts turned in with two singles.

Perfect

Wayne softballers feeling the pressure

Exploding for three runs in the top of the third inning, league leading Tastee Freeze broke a 4-all deadlock and turned back Mr. Steak, 10-6, to continue its dominance of the Wayne Parks and Recreation Class A women's softball league.

Tastee Freeze now enjoys a two-game cushion over its arch-rival, Mr. Steak which fell to third place with a 5-3 record. Second Street Market moved up to second.

Tastee and Mr. Steak exchanged four runs in the opening inning, but Rosy Stacy managed to keep the losers in check most of the rest of the way. She received hitting support from Wendy Reynolds who connected for three hits, and drove in three runs. Teammate Cindy Griffin collected two hits and two RBIs off of two Mr. Steak pitchers.

Bevard laced a triple and a single for the losers and Riggs chipped in three hits, including a double and three RBIs for the losers.

In the only other Class A women's game, Second Street Market embarrassed Reighard International 20-5 as Jan Gearhart tossed a nine-hitter.

Over in the men's Glass A League, Schewe's/Little Bill's continued to battle Greg's Emergency Room for the top of the standings. Schewe's has a slim 9-2 edge over the unner-up, which is 9-3 on the season.

Schewe's managed to stay out in front with a come-from-behind victory over Star Optical, Trailing 2-0 after the first inning, the league leader exploded for three runs in the second and got two decisive runs in the seventh after Star's had tied it up at 5-all.

Charlie Copland homered and singled for the winners who also received two hits from Larry Holt and Bob Hughes.

Winning pitcher Dennis Cowell gave up 11 hits, three of those to Rick Eisinger who had tripled and laced two singles. Kevin McMillan checked in with two hits.

The Stars came right back and handed Schewe's an ego-deflating 12-11 setback as they struck for two runs in the top of the seventh and made them stand up for the crucial victory.

Winning pther Dusty Pearce helped his cause with two singles, while loser Cowell was staked to a six-run first inning before the Stars rallied back. Copland hammered two homers, both over-the-fence, and accounted for 4 RBIs, while Bill Hughes had three hits. Scott Brown and Charles Miran each turned home with two singles.

Pittman's continued its hold on third place, beating back fifth place Metro Merchants 12-4. Tim Abrams-

ki collected three hits, including a homer off of winning pitcher, Rick Pittman, while Bob Budealthorne doubled and tripled.

Greg Mason and Don Medrauer each homered for the winners while Rick Pittman helped his cause with two hits and Terry Patterson laced three singles.

Behind Joe Kadlec's five-hitter, Greg's earned a 6-1 victory over last-place Perkins Engines. Gary Bowman hammered a homer and singled to account for three RBIs and Kelly Drake had two hits for the winners.

Marty Kubick led the losers with two singles.

Jake's scored six runs in the bottom of the fourth and went on to bet Star Optical 11-5 behind Corky Hays' nine-hitter. Hays helped his cause with three hits, including a triple and three runs batted in. Tom Wilmot latched on to three hits, including a triple and Norm Beasley also checked in with three hits.

Hays was tagged for three singles and three RBIs by Bob Taylor and Kevin McMillan also had two hits for the losers.

Copland clobbered two roundtrippers as Schewe's beat back Pittman's 8-2. Charlie Mann also homeroed off of losing pitcher Pittman who gave up 12 hits.

Morris, the winner, had trouble with Steve Patterson and Mike Kol-lenbodd who split four hits.

Leaseway leading in Westland Class 'A' Softball League

Defending champ Leaseway has taken a commanding lead in Westland's Class A men's softball league. Beaten once in 15 starts this season, Leaseway crushed Royal Transmission behind a 21-hit assault for a 16-4 victory to pull away from second place Joe Thomas.

Joe Thomas is fading with a 11-4 record.

Leaseway got three homers, one each by Bill Malcomb, Don Berchr and Bill May to seal its 14th victory. Malcomb, who finished the night with three hits, belted the ball over-the-fence and drove in three runs.

Berchr also had three hits off of losing pitcher Steve Patterson who gave up three singles and three RBIs to A.J. Vaughn.

Winning pitcher Dennis Rogowski scattered six Royal hits, one of

those a run-scoring double to Gary Truskowski. Bob Killingbeck, Harry Allen, and Mike Berch each had a hit and an RBI.

In other Westland "A" action, Studio Lounge rallied for four runs in the top of the seventh and cae out on the shortend of a 15-11 decision with Rich's Raiders. Pat Mulroy, the winner, served up 15 hits, including an over-the-fence roundtripper to Tim Kelley who accounted for three hits and three RBIs for the losers.

Chuck Petricco also had three hits and scored three times for the losers while teammates Jim Kholm and Gary Holbrook each had two hits.

Loser Dan James had his problems with Terry Johnson who drilled an over-the-fence homer, singled and drove in three runs. John

Bullard picked up a triple and pair of singles while Terry Kadlec finished the game with two hits and two RBIs for the winners.

J & D's however sustained its first setback of the campaign when Westland Lock & Key earned a close 3-2 victory over the league-leaders. Held scoreless the first three innings, J & D managed to break the deadlock in the fourth with a go-ahead run, however losing pitcher Williams gave up three fatal runs in the bottom of the fifth.

Chapo and Pomaranski got four singles between them off of winner, Tammy Malno, while loser Williams had her problems with Debbie Lobb who stroked two singles and scored twice, and Lou Ann Churches whose base hit drove in what proved to be the winning run.

Collins earns track letter

Ex-Belleville runner is at Albion

Albion College freshman Jeff Collins of Belleville recently received a varsity letter award for his participation in men's track this spring.

Albion took top honors in the Michigan Intercollegiate Athletic Association (MIAA) league standings with a 6-0 dual meet record and a first place finish in the Conference meet (May 6-7 at Hope College in Holland). This year marked the Britons'

fourth consecutive league title under Coach Dave Egnatuk.

Collins is the son of Mr. and Mrs. Clarence Collins of 43119 Riggs in Belleville.

Albion, founded in 1835 and located in the south central Michigan town of the same name, is a privately supported co-educational liberal arts college related to the United Methodist Church.

It's more than 1900 students come from 32 states and 16 foreign coun-

tries. Accredited by the North Central Association of Colleges and Secondary Schools, Albion also is a member of the Great Lakes Colleges Association (GLCA), a consortium of liberal arts colleges in Michigan, Indiana and Ohio.

Albion's "Briton" athletic teams compete in the Michigan Intercollegiate Athletic Association (MIAA), as well as in NCAA and AIAW.

Systems 'are go' for Flat Rock Grand Prix

All systems are "GO" as Flat Rock Speedway gears up for its Independence Holiday celebration, the Michigan Short Track Grand Prix, slated for Saturday evening, July 3.

The International Competitive Auto Racing (ICAR) Super-modifieds/Sprints will be on hand, with a dash, heats, and a 50 lap feature slated for the open-wheel creations.

The ARCA Late Models and Figure 8's will compete in full programs, with the Street Stock division to compete in features only.

Westlander to coach college track Caudill to head track program at Angelo State

Westlander Desire's Caudill, assistant men and women's track and field coach at North Texas State the last three seasons, has been named women's head track coach and Instructor of Physical Education at Angelo State University, Director for Women's Athletics Kathleen Brasfield announced this week.

Caudill was appointed to the position by President Lloyd D. Vincent on the unanimous recommendation of Brasfield, Dr. Charlie Shannon, Head of the Physical Education Department, and members of the University administration who participated in the selection of the new coach.

Caudill, 25-years-old and a native of Westland, succeeds Jane Davis who resigned her position last spring to enroll in law school. Caudill coached the sprints and hurdles at North Texas State University.

A 1979 graduate of Michigan State University, Caudill earned all-Big Ten honors in her specialty, the hur-

dles. She also served as captain of the Michigan State team. Caudill completing her master's thesis in Physical Education at North Texas State University.

In addition to her coaching duties, she served as race director for last fall's North Texas Marathon.

"We feel very fortunate to gain a track coach with her experience, knowledge and youthful enthusiasm," said Brasfield. "Her past work with recruiting in many areas of collegiate athletics will be a valuable asset to our staff with our new membership in the NCAA and the emphasis on recruiting."

Caudill handled many of the administrative and recruiting chores at NISU for the track program and was a recruiting assistant at Michigan State University's football program as an undergraduate.

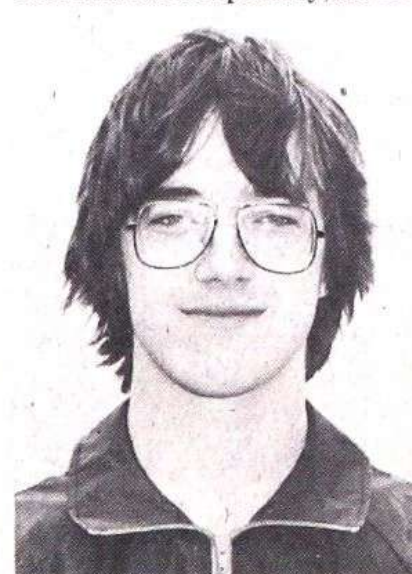

Prior to going to North Texas she served as an assistant track coach at Plymouth Salem High School. She has also held various research and instructor positions at both North Texas and Michigan State.

Brasfield said Caudill will begin recruiting for the 1982-83 athletic year immediately.

Runners to compete

More than 500 runners from the Metro Detroit Area and Canada are expected to compete in the second Annual Trenton Kiwanis 10 kilometer (6.2 mile) Run. The race will be held on Saturday, July 10.

The 10-K Run will begin promptly at 9:00 a.m. with registration beginning at 7:45 a.m. The Awards Ceremony and Runners Raffle will take place at 12 noon. The entry fee is \$6 (advanced registration) and \$7 on the day of the race. Medals will be awarded to the first three finishers in each class, and ribbons will be presented to all finishers. In addition, runner's watches will be given to all division winners. Free commemorative T-shirts will be issued to the first 500 entries.

TODD MLSNA

Showers, Olympic swimming pool, fresh fruit and refreshments will be available at the finish line — Trenton Kennedy Center. Aid stations will also be placed along the route.

The race will begin at the Westfield Center behind the library on Westfield near West Road. The course is flat, fast and scenic.

There will also be a one mile Free Fun Run at the same location. For more information, contact Trenton Kiwanis Club c/o Noel Jackson, 2370 West Jefferson Avenue, Trenton, MI. 48183.

This event is one of the many happenings during Trenton's Mid Summer Festival July 9, 10, & 11.
